

OWL LAFFS

A WISE OWL

Had a lot of fun out at the carnival on Saturday night. Not only enjoyed the scheduled program but the impromptu solo by a well known Marietta St. man, when the accordion band played "God Bless America" was something worth hearing.

You remember the story I told you last week about "Red" and the dog. Well I forgot to tell you that I got some "hush money" for not mentioning that "Gike" Garber was with him.

Carl Germer told me that in the old days, when a fellow told a girl a naughty story, she blushed at it. Nowadays, she memorizes it.

I heard "Fip" ask "Ab" the other day what time it was, "Ab" said he didn't know, and when "Mike" asked if his watch wasn't running, he replied that it was an hour slow.

Do you remember when "Smitty" was a prize fighter? It was his first fight in Lancaster, and at the end of the first round he staggered to his corner in a dazed and battered condition. Lee his manager whispered in his ear: "Say Kid I've got a great idea! Next time he hits you hit him back! ... Ask 'Red' Metzler he knows."

A spooning couple down along Little Chickies Creek got tired walking so they sat on the bank of the stream and chatted. I overheard her say she wished she had lived in the seventeenth century as traveling was more romantic then-not so many roads and more bridal paths.

We have a lot of folks here in town who really haven't been wearing any more clothing during the past week than Gandhi and we saw several who didn't even wear that much. In a sense you can't blame them.

At a certain bathing beach Sunday a fellow was sitting there with a far away look in his face. When asked the reason he said he surmises the blind of today.

Since we're on the subject a mat at Florin told the writer that with the exception of that physical examination stuff, the men of today sure have it on those of yester-years. No trouble at all seeing what you're getting before one gets married-just take 'em bathing.

We have known of men changing their minds after that-and women too.

A mummy is a person who cannot speak at all and there are times when some of us should be real mummies.

Under feudalism a diet of worms was the punishment. That's why some people today still have.....

A young chap in our High school made a remark back at the fire house the other night that Edison was the inventor of the phonograph and the incandescent lamp. He hasn't been living in the country all his life either.

In India an omelet is a charm worn around the neck. In Mount Joy it's an egg disc and is used on the inside of the neck.

It may see ridiculous but we have a woman on East Main street who is tall thin and stout. The first two refer to her-well you know-and the latter to her religion.

A little chap living at Landisville told his father that newspapers were useful for reporting calamities: such as deaths, marriages and so forth.

Now it's time to wipe a the perspiration and get the ice water. S'long till cooler weather.

A Second grader here told his teacher that a circle was a round but it's a cute idea anyway.

HEAVY HIGHWAY TRAVEL HELPS TIRE SALES GAIN

Few Drivers Want to Take Risk With Tires on Crowded Summer Roads

"When a motorist tries to squeeze the last penny's worth of mileage out of worn-out tires he's taking big chances and why should he take any risks when, during our special mid-summer sale, he can obtain new tires at rockbottom figures—prices that certainly are unusually attractive? Besides, it matters not whether the motorist has the ready cash, because we'll sell him Good-years, mount them on his car and he can pay for them on easy installments as he rides," said Mr. Grissinger.

"Our ten-day special bargain sale starts July 24 and ends August 3. We have an unusually large assortment of sizes of all types of tires, so no customer need be disappointed."

"A wonderful buy is the All-American, which was introduced only a short time ago and has been selling like hot cakes ever since. Just think of it—only \$5.15 for the 4.75-5.00-19 and other sizes in proportion. And the famous Marathon only \$8.95 for the 6.00-16.

"Another thing, during this sale we have put the price of the Life-Guard, that tire within a tire, which is packed with safety for the motorist, down to the lowest figure we have ever quoted.

"This is the season of the year when the highways are pretty well choked with cars—people on vacation tours, driving to the lakes, the sea shore, the mountains or perhaps to one or both of the World's Fairs. Motorists should take no chances with thin tires. Why should they, when the best for the money in tires can be obtained, along with credit terms if desired? There isn't a reason under the sun why a car owner should not discard his worn-out tires now and replace them with dependable Good-years.

"And when we put on tires we give the rims a thorough cleaning removing all foreign substances which might injure tires. We see, too, that the tires are inflated to the proper pressure and we change them from one wheel to another, if advisable, so the user will get the most safe miles possible. We make no charge for this extra service."

Our neighbor lady is seeking a patent on a novel way to fill the water glasses on the dining room table. You get the hose out in the yard and turn on the water, then you sprinkle the lawn a while and finally turn it in your dining room door, which has been left open. Of course, she can't guarantee that the table and sideboard won't get wet but it's a cute idea anyway.

PLAYGROUND NEWS

By JOE MOORE, Director

The Mount Joy Playground closed its fourth week in the midst of a heat wave. The heat was really terrific for in the four years that the playground has been in existence Monday afternoon was the first time that there were not enough Senior boys to make up two baseball teams. There were only 13 boys present. However the sprinkler has been very popular during this time.

Attendance points have been totaled at the end of the first month. These points are scored as follows: (a) for being present-1 point, (b) for being on the winning team-1 point. These points in the end determine who shall go along to Philadelphia, if and when, Connie Mack invites the Playground group. The leaders to date are:

Senior boys: John Breneman, Bruce Brown, Ragnar Hallgren, Harold Eby, James Roberts, Harold Hillenbaum, Robert Hawthorne, Robert Pennell, Martin Bowman, Clarence Wilson.

Junior boys: Victor Rohrer, Charles Pierson, Ed. Soldner, Bill Beaton, Eugene Brown, Victor Zerpner, Robert Wilson, Frank Zimmerman, Gerald Wilson, Robert Hallgren.

If these boys will present themselves to Frank Tyndall at Tyndall's Cut Rate Store they will be presented with their "period prize" which will consist of one ice cream cone each. Other boys may find their standing by seeing the Director.

The special events for this week were a baseball game with the Lititz playground at Lititz. This game was won by Mount Joy by a score of 3-2. Also the Uptown boys defeated the Downtown boys in a Softball game by a score of 14-8.

During Thursday and Friday of the coming week two tournaments which will count toward the Final Olympic scores will be held. They will be the Paddle tennis and Dart Tournament. The darts may be thrown any time during the two days. There will be ten practice darts and then three throws of five darts each with throw-offs in case of ties. In the Paddle tennis the first round will be played on Thursday and the final rounds on Friday morning and afternoon.

The boys are also warned to get their bicycle in shape for we are going to celebrate Bicycle and Scooter Day on Thursday August 2nd. In addition to the regular Bicycles and Scooter races, it is planned to have marathon, a slow race, a coasting race, a doubles race, and a paper race. So get the bicycles and the scooters tuned up and give your name to Joe Moore so that he can put it on the entry list.

WESTERN REVUE

MT. GREYNA PARK NEXT SUNDAY AFT. & EVE'G

A rare treat is in store for all the out-door park fans who attend the afternoon or evening shows at Mount Gretna Park next Sunday.

The feature attraction is the Western Revue with a group of twelve, known as the Texas Rangers, who have been jamming parks everywhere and thrilling the audiences with their cowboy and cowboy revue of rare music, dancing, singing, and plenty of fun.

They present the Arizona Kid, in person; lovely Rancho June and Honolulu Dot, in rare dancing numbers; Pop-Eye, the funny man; Pancake Liz, the "he-he-he" entertainer, and plenty of others.

Also on the program is one of the greatest harmonica bands in the country. They play harmonicas up to three feet long, and their music is something extraordinary.

The admission remains the same.
