

# FIRE Prevention Week

OCTOBER 6th to 12th

IT IS YOUR DUTY, TOO . . .

Fire fighters can't be miracle men in all things . . . they can't prevent fires unless you co-operate. It is your duty to see that there is no danger of fire starting; it is up to you to remember the caution that is necessary every day in order to protect your home, your valuable property, from destruction by fire. Co-operate in every way possible with the local fire departments by avoiding all possible risks that may result in fire. You owe it to yourself.

## PREVENT FIRES

D & H Anthracite Is A Safe Coal To Use

Decide Now . . . To Burn  
**D & H ANTHRACITE**  
All Winter Long

Here's one decision that isn't hard to make—the decision to burn D & H Anthracite . . . all winter long. Because the easily controlled heat of D & H Anthracite makes it lead the field in heating performance. So, decide now to burn D & H Anthracite—every day of winter. And to be ready for early cold spells, place your order today!
