ESTABLISHED JUNE 1901

Published Every Thursday at Mount Joy, Pa.

Jno. E. Schroll, Editor and Publisher

Subscription Price \$1.50 Per Annum
Six Months.....75 Cents Single Copies.....3 Cents
Three Months.....40 Cents Sample Copies.....FREE

The subscription lists of three other newspapers, the Mount Joy Star and News, the Landisville Vigil and the Florin News were merged with the Bulletin, which makes this paper's circulation practically double that of the average weekly.

THE EDITOR'S VOICE

Get your tax money ready folks to help pay for a \$17,000,000,000 budget drafted by President Roosevelt. Over half the amount will go toward the Armament Program.

On account of the heavy traffic on main highways leading south to Florida, an effort is being made to have the government erect fences in order to reduce the killing of cattle and hogs. It would be a good idea to fence but not at the government's expense.

A Starter

So you want to develop your personality? A wise man says to get up as soon as you awaken and to be wide awake when you do get up. This will be difficult for the fellow who doesn't get going until after his morning cup of coffee. We are advised to start the day with a smile, and as wise as it may be, it is often difficult to squeeze out anything so cheerful until about noon. As a good day-starter, say something nice to the wife or the maid. Don't start in with the cheery words to the maid and run out of them when you get to the wife. There is sound sense in breathing deeply the good, fresh air into the bottom of the lungs. This is something easy and we will try that. But there will be many a man who won't bother about developing personality.

Just A-Wondering

You never take time to wonder what one hundred years will bring to your world, you are so busy trying to keep up with the one of today. Think back of what has been given us in the last hundred years and you are compelled to visualize for the future. It was the beginning of the developing of photography and quite a sensation there was! Today the photo is one of the most common of sights and almost every home has its own camera. Will the airplane bring oblivion to the railroad track as man and mail fly from here to everywhere? Will it put the auto where the horse is today? A strain on the imagination perhaps but you can even picture yourself coming back in phantom shape and finding they had repaired and paved streets and sidewalks, torn down unsightly billboards, erected neat mail boxes and cleaned up the alleys. You can't tell what a hundred-years will do!

Super Highways Location

From a drawing which appeared in the daily papers, if that can be relied upon, it appears as though the state authorities decided on the much talked of location for the super highway which is to be extended from Carlisle to Philadelphia. The road will be south of New Cumberland, cross the Susquehanna river south of Middletown, pass on the south of Elizabethtown, on the north of our boro and Lancaster. It will pass north of Coatesville and south of Downingtown and thence south of City Hall at Philadelphia.

Many had predicted the road would be located north of Harrisburg, pass Indiantown Gap, Ephrata and thence to Philadelphia.

The aforementioned route is shorter and more direct but traverses better farm land and in all likelihood will be more expensive as far as right of way is concerned. However the cost of this may be overcome as much less grading will be required.

We're all hoping the road will be built and very soon as it would greatly relieve congestion on our main thoroughfare thru here.

Now, along comes Senator Homsher, of Strasburg, who says he will file a bill at Harrisburg objecting to the above location of the highway. He claims it should not cut thru the heart of this county's richest of all farming sections but that it should follow the low grade railroad, down along the Susquehanna river or traverse the mountainous section thru Indiantown Gap and north of Ephrata.

Now the location of the super highway is a guess and yours is as good as mine.

Unity, Our Defense

The strength and security of our nation depends on national unity.

There is no room in this country now for narrow partisanship, for class hatred, for exploiting old grudges and differences. But unity must be more than a slogan, more than a vague and appealing word. It can be achieved only by action.

Unity calls for fair dealing between industry and labor, for a policy that neither favors nor penalizes either side. It calls for an attitude on the part of both labor leaders and industrial managers that will make possible frank and honest arbitration, with each understanding the problems of the other. The nation cannot afford exploiters now—the industrialist who would grind down labor, or the labor leader who would disrupt industry to gain his ends.

Unity calls for a government policy of honest cooperation with all industry. The need of the hour is production—and still more production, in the interest of our ordinary needs no less than in the interest of our extraordinary defense program. The country cannot afford that kind of

HAPPENINGS — of — LONG AGO

20 Years Ago

Tenants at Lancaster have been notified that rents will increase 10 to 15 percent April 1st.

Jno. J. Pennell, who has been janitor of the Church of God will move to the Mt. Joy Hall Asso. property.

A school program at Milton Grove was postponed because of a mumps epidemic.

Eighty acceptances have been received for the annual banquet of the Fire Co.

Eli Ebersole, engineer at the Grey Iron Works, for several years, tendered his resignation.

Dr. W. M. Workman moved into the Nissley property opposite the Post Office.

Joseph Sheaffer, was given honorable mention for an excellent drawing which was reproduced in a Lane paper.

Chas. Eshleman, mail carrier, at E-town, is the owner of a hen that lays a double yoke egg, every other day.

Fred Bucher was elected president of the Literary Society.

Willis Baer was crossing the railroad bridge at Jno. Peifers, Selunga when a train passed by and gracefully lifted his hat from his head.

Twelve new men were elected to membership in the Fire Company.

Five Houdan hens belonging to Percy Hellig, paid their board by laying 11 eggs during December.

Truman Sprout, fell and broke his collar bone. He was attended by Dr. F. S. Richards.

This Week's Calendar

Thursday, January 9

Connecticut joined the Union in 1788.

First Balloon ascension in America at Philadelphia in 1793.

Photography (daguerrectype) was first used in 1839.

Friday, January 10th

National motor boat show in New York, Jan. 10-18.

Saturday, Jan 11th.

Alexander Hamilton born in 1757.

Sunday, Jan. 12th

Tobacco Week, Jan. 12th to 18th.

John Hancock born in 1737.

Monday, Jan. 13th

N.R.D.G.A. convention in New York, Jan. 13-17.

Modern printers ink first used in Philadelphia by Jacob Johnston in 1804.

Tuesday, Jan. 14th

First written constitution adopted at Hartford, Conn. in 1639.

Wednesday, Jan. 15th

First locomotive built, U. S. 1831.

Thursday, Jan. 16th

Eighteenth amendment in effect, 1920.

Our Heartiest Congratulations

We want to congratulate each of the following for having reached another birthday:

Thursday, January 9th
Sarah Elizabeth Garber, Delta Street, daughter of Mrs. Alice Garber.

December 21st
Miss Barbara Ann Walters, Marietta Street, celebrated her 21st birthday.

EGGS NEED HUMIDITY

Poultry specialists of the Pennsylvania State College say that for best quality, eggs must be kept in a room with relative humidity of about 75 percent and temperature under 65 degrees.

politician who fights industry, reviles industry, and who attempts to ruin industry in reaching out for more and more power. Nor can it afford costly and unnecessary government competition with industry, which means the eventual extinction of private enterprise.

Unity calls for a tax and spending policy which will get maximum results in the least possible length of time with minimum waste. Taxation must be distributed equitably over all income groups, and all industries and businesses. We are willing to spend every dollar that is needed for real defense.

We can have unity. We must have it, if we are to survive as a free people. Now is the time to put into effect a program that will really achieve it.

STATE INSPECTION ENDS JANUARY 31 AUTO CLUB WARNS

By this time your automobile should be displaying a new "inspected and approved" sticker. If not, don't wait longer, for the Lancaster Automobile Club warns that the current compulsory inspection period ends January 31 and that the owner of any motor vehicle on the highway after that time without a new sticker will be subject to arrest and fine.

"The present inspection campaign began last November 1, but reports indicate that comparatively few motorists had inspections during the first two months," a statement issued by the Club tells. "Those who got new stickers early have nothing to worry about for the next 4 to 6 months, but owners of un-inspected vehicles are rapidly approaching the time when the inevitable congestion at official inspection stations causes waste of time, inconvenience and annoyance. Under the circumstances, however, there is nothing to do but have the inspection made as soon as possible thus avoiding the peak rush that always occurs the final week of the inspection period."

It now requires an average of three quarters of an hour to inspect a car, the Auto Club points out, and this adds to the last-minute congestion.

Committees For 1941

At this time the committees for the ensuing year were named and the chairman of the various committees appointed: Custodians: Earl Zink, chairman, Ray Myers and I. Kaylor; Memorial committee, John Hendrix, chairman, Bruce Pennell and Dan Peifer; finance, J. Roy Eshleman, chairman, John J. Schroll and Robert Miller; home town movies, George Halbleib, chairman, John J. Schroll and J. Roy Eshleman.

Name Five Solicitors

A committee of five was appointed to solicit funds for a new engine to replace the pumper now used in rural districts. H. N. Nissly was named chairman to be assisted by O. K. Snyder, I. C. Wagner, I. Kaylor and John Gingrich. The committee to sell bricks for the new fire house was named as follows: R. Kunkle, chairman, James Snyder and Earl Zink.

The Election

The annual election resulted as follows:

Ray Myers of South Barbara St. was re-elected chief, to be assisted by Samuel Miller, Jr. As runners the company named James Workman, Wilbur Hawthorne and Claude Snyder.

Chief engineer is Irvin Kaylor, and his assistants are Robert Kunkle, Earl Zink, Roy Shaeffer and D. B. Brubaker, Chief chemical man, James Beamenderfer; assistants, Burwood Corri, Jacob Arndt, T. J. B. Brown, Jr., and Charles Pennell. Pipe director, Richard Dillinger; assistants, Charles Bailey, C. J. Bennett, Jr., I. C. Wagner and Bruce Pennell.

Axe men named were Joseph Habecker and Russell Halbleib. Hose director, John J. Schroll; assistants, James Pennell, Robert Miller, Arthur Schneider, James Snyder, Oliver Mateer, Morris Kretzing, Norman Mateer and Leroy Mateer. Chief hook and ladder man, J. Roy Eshleman; assistants, Milton Demmy, Sylvester Hendrix and Roy Mateer.

Captain of police is George Halbleib, assisted by John Miller, Harold Foster, John Wealand, Samuel Miller, Sr., George Heiserman, Mike Good, Levi Dillinger and Harry Geib, John Hendrix, Charles Roth and Leroy Shaeffer.

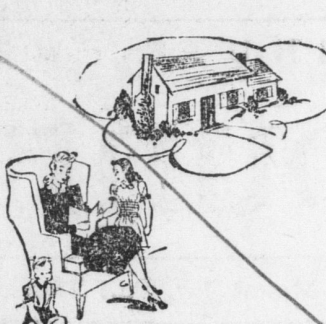

SWARR COW COMPLETES NEW OFFICIAL RECORD

A new record, exceeding the average of the Guernsey breed for her age and class has just been completed by a four year old cow Woodside Janella 3d's Janie 515901 of Landisville, tested and owned by Clyde M. and Evalon M. Swarr. Her official record supervised by the Pennsylvania State College and announced by The American Guernsey Cattle Club is 14288.5 pounds of milk and 194.9 pounds of butter fat in class C.

1940 2ND COLDEST YEAR SINCE 1917

The second coldest since 1917, the fourth coldest since 1900 and the seventh coldest in the fifty-two-year history of the local weather bureau—that's how 1940 is going down in meteorological annals.

The Government has offered to buy all apple crops in New Zealand.

YOUR HOUSE AND YOU

YOUR HOUSE CAN BE A BURDEN OR A JOY, DEPENDING UPON HOW WEIGHED DOWN WITH OWNERSHIP PROBLEMS YOU HAPPEN TO BE.

IF YOU LET US FINANCE YOUR HOME BY THE B. & L. PLAN, YOUR HOUSE CAN BE A JOY, OWNERSHIP IS A HIGHLY DESIRABLE STATE, TO BE SURE, BUT IT OFTEN INVOLVES PROBLEMS TOO PUZZLING FOR THE AVERAGE INDIVIDUAL TO HANDLE.

WHATEVER YOUR FINANCIAL NEEDS, CONCERNING HOME OWNERSHIP, CONSULT AN OFFICER OR DIRECTOR AT ---

What Advertising Does . . .

When someone starts advertising,
Someone starts buying;
When someone starts buying,
Someone starts selling;
When someone starts selling,
Someone starts making;
When someone starts making,
Someone starts working;
When someone starts working,
Someone starts earning;
When someone starts earning,
Someone starts buying;

An endless chain, so to speak, and the merchant who doesn't advertise and advertise regularly is doing nothing if he isn't breaking links in this endless chain.—
