## The Lowering Of Headlights Campaign

## AUTO CLUB POSTERS SHOW ADVANTAGES OF LOWERING YOUR HEADLIGHTS

A campaign to have motorists lower their headlights when passing oncoming vehicles has been launched by the Lancaster Automobile Club and will be continued throughout 1942.

"Lower Your Lights—Don't Blind Oncoming Traffic" is the admonition to drivers set forth on colorful posters, in newspapers and radio announcements, and in other ways.

Co-operating in the campaign are the Lancaster Police, Pennsylvania Motor Police and other enforcement officers. Pennsylvania law requires motorists to lower their lights when approaching other vehicles, and those who fail to comply are liable to arrest and fine. The Lower-Your-Lights campaign, however, aims to bring compliance on streets and highways of Lancaster county, through voluntary co-operation of drivers, rather than through arrests, the sponsors say.

"Statistics show" that in 1941 three out of five fatalities occurred at night and over half the pedestrians killed in traffic met death between 6 P. M. and midnight, of which many were attributable to glaring headlights," and Automobile Club statement points out. Glaring lights greatly reduce visibility. Lowering headlights not only gives the approaching driver a break, but actually makes passing safer for the driver who dims the car lights. A slight wobble in the center of the road at high speed by a glare-blinded driver may cause a serious accident.

"Co-operation of every motorist in this campaign not only will make night driving easier, but will help reduce the accident toll on the streets and highways of Lancaster county this year."

Lower-Your-Lights posters are on display in store windows, garages and gas stations and other places throughout the county. Newspapers, radio announcements and other channels also are carrying the appeal to motorists.

There is no better way to boost your business than by local newspaper advertising.
