When all were registered a total of \$775.00 had been sold.

For this grand gesture the management of the theatre wishes to extend its gratitude to its patrons for their cooperation on this event. A \$25.00 War Bond was awarded to Mrs. Clyde Nissly, of town, who held the lucky theatre ticket.

The Economy League Forecasts Possible Cut In State Taxes

The Pennsylvania Economy League, in the Fall issue of its publication, "Your Dollar's Worth," continues to forecast cut of \$75,000,000 in State taxes. It also points out that a possible reduction in the budget for the next biennium furnishes a good leeway for an anticipated cut of this size, in case the excess State income does not reach \$75,000,000. A detailed analysis is given of how the League arrives at this figure.

The occasion arises as the result of a situation in the Commonwealth's affairs that is easily understood. In 1935 what were called "Emergency Taxes" were imposed to take care of the mounting burden of direct relief due to unemployment. In spite of the tremendously tax burden, the deficit continued to accumulate. It amounted to \$83,000,000 at the end of Pennsylvania's last biennium on May 31, 1941. Since that date employment has been increased at such a rate, that relief expenditures have sunk in recent months below all expectations. The result is that the \$83,000,000 deficit should be paid off by May 31, 1943, or shortly thereafter.

The League believes that appropriations in the 1943-45 budget may be even less than the \$346,123,995 appropriated for relief and other General Fund operating expenditures in the 1941-43 fiscal period. In discussing the question it states that there is "a growing feeling in many quarters that it is not patriotic for the State, either to employ men who can be used directly in the war effort, or to spend money that would otherwise be used to help finance the war."

"VICTORY DRIVER" STICKERS FOR CARS

"Victory driver" stickers are being distributed by the Defense Council Car Sharing committee, Harry J. Von Niede, executive secretary of the campaign, has announced. They will be available from employers, who will obtain their supply from district car sharing chairmen in the counties.

Persons who share their automobiles are eligible for them. They are in patriotic colors and bear a picture on which the destination of the group can be written, and places for the names of those sharing the car, on the reverse side. They are to be placed on the small rear panel window on the right side of the car.
