THE EDITOR'S VOICE

We are readily convinced that most of these cantaloupes we ate last summer would have made good pumpkin pies.

If they keep on rationing food, finger bowls will be extinct. One won't be able to get enough food to soil his fingers much less appease his appetite.

It will be difficult persuading the high school lad, who made \$50 a week in defense work this summer, that learning rapid calculation is better than earning it.

POPULAR PROCESSING

The public has taken to frozen and dehydrated foods in the preserving of meats, fruits and vegetables. War made this wise and as a consequence the future will find most farmhouses able to put food away in "deep freezing" or else have dehydrating facilities.

FIRE PREVENTION

October brings with it, Fire Prevention Week and although observance is week officially in the country, we try to observe it every day in our town. Fires take a heavy toll in lives, they interfere with industry and the production of critical materials especially needed now in defense requirements.

MACHINE HANDS

Praise for the mechanical hired men of farms, the combines and tractors that have successfully competed with high wages in industry and brought home the results! It would not have been possible to harvest the country's crops with the labor shortage, minus these mechanical hands.

FALL DAYS

When fall days are full of rain, cold winds, cloudy skies, are bleak and dreary, we shiver and speak of the unpleasant weather. Then comes the change when the sun shines on the petunias and the dahlias nod their heavy heads in its welcome warmth.

the lazy, puffy clouds, the tip-toeing of frost across the grass that hasn't killed the green but simply touched in passing. The sound of coal trucks is drowned by the snap and crackle of leaves underfoot.

As greens become rust, as the shades travel the miles from north to south, the gold of vine and tree, of the glory of pumpkin and grape, spell the masterpiece known to man, as Autumn. Why do we say Fall, then our neighbor speaks of it as Autumn, when the calendar gives us the change of season as one? A reader suggests that Autumn sounds so typically English while Fall is truly American.

COLUMBUS DAY

We are reminded that we are just as old as we think we are when we stop to recall that America was discovered by a man of fifty-seven years. It sounds almost like a young man's undertaking, doesn't it? That man of 57 years had to surmount many obstacles, had to overcome the superstitious belief that monsters would devour the ships, try to secure a crew, get money to finance the journey and continue to hold forth the belief that the world was round and not flat.

TIME TO ENCOURAGE SURPLUSES

When the tankers on the Atlantic coast were cut off by war, everyone could understand why gasoline and fuel oil had to be rationed in that area, especially when our armed forces across the Atlantic had to be supplied from the Eastern seaboard.

It is one thing to hold prices to a reasonable level—it is another thing to hold them at unreasonably low levels when all costs of production, including Federal taxation, have been advanced to record high levels.

Wildcatting for oil is a risky business. It can no longer be done at pre-war costs. Policies which discourage new drilling amount to a "planned oil shortage."

420 War Houses Will Be Erected At Middletown

Reports that the Federal Public Housing Administration has adopted a 48-acre tract opposite the Middletown Air Depot, along the main highway at the western borough limits, as a site for 420 temporary war apartments, were confirmed Wednesday by William Lynch Murray, architect, whose staff is working on the building designs.

The dwellings are to be built in one, two and three-bedroom units, and the colony is to have its own child care and community buildings. The tract is owned by the Middletown Cemetery Association and was part of one of the Young farms. Work is to be started as soon as the plans can be perfected and approved, Murray said.

Dist. Governor (From Page 1)

His guest Wm. B. Mumma, L. W. Keith was the guest of Clyde Gerberich. Three service men were guests of the club: Corp. Robert Stoner, Corp. Richard Parson and Lieut. Stewart Schule.

There were three generations at Hostetter's Tuesday when the club met. This has never happened since the Rotary Club was organized.

There's hundreds of dollars in prizes money offered and the entire exhibit is free. Come and see for yourself. It's Mount Joy's big annual community show.

There's three big days and nights of entertainment for everyone. Count on spending Thursday, Friday and Saturday, October 14, 15 and 16 in Mount Joy.

A quilt pitching tournament, a feature that always draws a great deal of interest, will be held each evening on the Mt. Joy Quilt Club Boxes near the old market house. A small entrance fee is required.

A pig sale will be held on Friday evening, at 8:00 p. m., the rear of Newcomer's garage, just off North Barbara Street, where the animals will be exhibited.

Folks here haven't minded having to spend vacations at home because there wasn't any place else they could go.

Having good intentions doesn't get you any marks in the Good Book.

Outdoor Movies Will (From page 1)

activities; explains our own youth movement in the 4-H Clubs, representing the great basic industry of agriculture, its spread into many foreign lands, and the results and significance of work and training of 4-H Club members.

Housaal; Juniors, Miss Thelma Taylor and Miss Delina Heiss; Sophomores, Miss Mary E. Baker, and Miss Carolyn Roberts; Grade 9, Mr. Ralph Coleman, and Mrs. Edna Sheekert.

Mt. Joy's Annual (From Page 1)

make this year's show an outstanding one in the face of adverse conditions. The Hobby and Photography Exhibits, both most interesting features of the show, will be held at Newcomer's Hardware Store, on E. Main Street.

Exhibits are to be brought in Wednesday evening from 7:30 to 9 p. m. and not later than 9:00 a. m. Thursday morning. Judging will take place Thursday afternoon.

Robert Hostetter (From Page 1)

principal, reported an enrollment of 621 pupils with an attendance of 97 per cent. The vacancy in the position of teacher of arts, caused by the resignation of Mr. Wingaris, has not been filled. Several applicants are under consideration.

The financial committee reported a balance of \$11,728.14 as of October 1st. Bills amounting to \$158.39 were read and approved for payment.

Tax collector James Metzler, reported collections amounting to \$31,117.80 on the 1943 duplicate and \$404.25 of delinquent taxes.

The board decided to have the trees at the grade school trimmed and dead wood removed.
