C of C Board Opposes Tax Increases

Mr. Earl D. Bacob of the Organization Service Bureau of the Pennsylvania State Chamber of Commerce attended the monthly meeting of the Mount Joy Chamber of Commerce Directors held on Monday evening at the Richland Club rooms. He addressed the meeting on subjects of great immediate importance to each local community. A resolution was passed urging the discontinuance of unnecessary spending by the Federal Government and economy in essential spending. It was the consensus of opinion that this would make unnecessary any increase in present taxes or the levying of any new taxes at this time. The board went on record as opposing any increase in income or excess profits taxes and the increase in social security taxes which under the present law takes place automatically on January 1st. If increased tax income must be found it was the opinion of the majority of the members present that a consumers sales tax with certain essentials exempted would be the lesser of the various tax evils presented.
