

The Mount Joy Bulletin ESTABLISHED JUNE 1901 Published Every Thursday at Mount Joy, Pa. Jno. E. Schroll, Editor and Publisher

THE EDITOR'S VOICE

Along about this time many husbands are beginning to pay the cost of his Christmas gifts from the family.

Locks to us as though Roosevelt is trying to find something for the soldiers to do after the war. He has proposed a national highway system of 34,000 miles to cost 750 million dollars.

We presume the rationing of air is not far distant. A Lancaster county farmer works a whole year to raise a crop of tobacco and then the present FDA comes along, tells him just when he may sell that crop and how much he may receive for it.

Thomas Jefferson (1743-1826) said "I would rather live in a country with newspapers and without a government than in a country with a government but without newspapers."

After a strike of all city employees, Philadelphia granted them an increase of ten cents an hour. This increase will cost the city \$800,000.00 additional each year.

Naturally additional taxes will be levied and the poor suckers who get the extra money will be compelled to give it right back in taxes.

INFANTILE PARALYSIS

Help fight infantile paralysis. In 1943 America, at war, had its worst epidemic of this disease in 12 years! More than 12,000 cases were reported and only twice before in the recorded history of the United States were there as many cases of infantile paralysis.

A FUTURE PROBLEM

It may not be early for everyone to worry about the traffic conduct that will be an after the war problem. Not having forgotten the toll taken of lives before the war, due to carelessness in driving, we are probably unanimous in agreeing that there is always something to worry about in this line.

YOU CAN HELP

Why don't people who do not need to travel, stay home and give transportation a chance? This is as true of city buses and street cars as of railroad and plane travel.

Let's Help Lanc.

W. R. Kaerr of Denver has been named chairman of the district which includes Denver and Adamstown boro and Brecknock and East and West Coalco townships.

LACK OF UNITY HERE

Strikes and strike threats indicate a lack of unity which may have a disastrous effect on our position at the peace table.

THE LANCASTER COUNTY TOBACCO GROWERS ORGANIZATION

The Lancaster County Tobacco Growers organization at a recent well attended meeting, decided to make a request to county growers NOT to sell their crop at the government's fixed ceiling price.

LANCASTER COUNTY TOBACCO FARMERS HAVE A TOUGH COMPETITOR

Uncle Sam. They must pay good wages or they can't get the help and in competition with the exorbitant wages paid in defense plants throughout this area, farmers should get one dollar a pound for their tobacco.
