**By Anne Goode**  
Cranberries are the latest thing in the "dehydrated" field. Sliced and packed in jars or glassine envelopes, an ounce of the dried berries will make a pound and a half of sauce.

Automobiles, homes and radios are first, second and third in America's post-war purchasing plans.

\*\*\*  
Brown gravy without meat? Here's how! — Brown vitaminized margarine over low heat, add flour and brown the two together. Add bouillon cube, water and seasonings. Cook until smooth and thickened. It's delicious over mashed potatoes!!!

\*\*\*  
Our diets will get a boost from outbacks in war needs. Shortly you will be able to buy more pineapple, pumpkin, figs, asparagus, corn and spinach. Maybe for less ration points, too!

\*\*\*  
Cocoa imports are on the wane again, which is bad news for the sweets industry and cocoa drinkers. Cheer up though—there'll be plenty of tea and coffee

\*\*\*  
If you can't think of a salad to "freshen" up your winter's dinner, try an old fashioned fruit salad—made with the fruit you canned this summer, of course. Dice an apple for extra crispness; blend in mayonnaise for extra flavor. And don't forget to use real mayonnaise—the kind with eggs, oil, vinegar and seasonings—then you won't have to worry about it getting watery when added to other ingredients.

**\$8,000 IN BONDS & STAMPS PURCHASED BY G. SCHOOL**  
The pupils of the local Grade School have gone "all out" for the 4th War Loan Drive and in three weeks time purchased War Stamps and Bonds to the amount of \$8,000. In this weeks drive Miss Dorothy Kaylor's pupils were high in the downstairs group with \$552.90 and Mrs. Broske's students in the upper classes totalled \$1,224.00. This is most commendable work, keep it up, boys and girls.

**4th WAR LOAN**  
This assault, bloody and costly, is one of the many which must be made before Tokyo and Berlin are pounded into dust and ashes.  
What are you going to back up the boys? Remember these are boys from this very community, perhaps from your very home. Any home in your neighborhood which today does not display the Treasury's red, white and blue 4th War Loan Shield proclaiming "We bought Extra War Bonds" is not backing the attack. Every Extra War Bond you buy becomes a direct fighter against Japan and Germany. If you could but see one man die on the battlefield, you would not count the cost of your slight sacrifices to buy Extra War Bonds to make each succeeding assault less costly in the lives of our boys.  
You can't afford NOT to buy Extra Bonds in the 4th War Loan if you would help these boys.

**EVEN CYCLOPS COULD SEE IT**

See what? That electric rates are much lower now than they used to be.

Come again? It's the truth. The average family gets about twice as much electricity for its money as it did 15 years ago.

Quit clowning! Seems to me my bill gets bigger every year. Know why, don't you? Because all along you've been more service, more appliances—to make home life easier, more efficient. For example, you're using an electric range now, aren't you?

Sure. Got it—oh, five years ago. And a washing machine for your wife?

Yep. No horse-and-buggy days for us. And didn't you buy an electric refrigerator back in those dear, dead days before the war, when there were such things? And a couple of electric fans one hot summer?

Okay, okay. You win. No—you win. You win the greatest household and industrial servant of them all—electricity. And at rates that have stayed down while the cost of living—as it always does in wartime—has gone up. Something to keep in mind, isn't it?

You said it, brother!
