### 76th Ann'l Conference

(From Page 1)  
will be served to conference members, their wives and children under 12 years of age. The lodging accommodations are expected to be ready by Tuesday evening, and it is planned to serve the first meal Wednesday morning.

Chief business of the conference, which will convene in morning, afternoon and evening sessions, will be the selection of a moderator for next year. General church boards and committees also will transact their annual conference business.

Morning and afternoon sessions will be devoted to business and the evening meetings will be concerned with Sunday School and mission work. The conference will open with a communion service to be held in Mt. Pleasant Church Wednesday evening.

Evangelistic services, in charge of Elder Earl Sider, Ontario, Canada will be held in a large tent on the church grounds, every evening during the conference.

Thursday afternoon, a Sunday School program will be given in

the church, and an educational program will be presented Thursday evening. Friday evening, a beneficiary program will be held and the Home Mission program will be presented Saturday evening.

Sunday's program includes Sunday School and preaching services in the morning, a Foreign Mission program in the afternoon, and a Home and Foreign Mission program in the evening.

Bible conferences, Young People and Children's meetings will be held in the tents during each day of the conference.

The last General Conference of the Brethren in Christ Church held in Lancaster county convened several years ago, at Crossroads Church, west of town.

### 42 Graduated At

(From Page 1)  
Petersburg Church of the Brethren preached the sermon.

Class Night exercises were held June 4th in the school auditorium.

Honor graduates are Joe Landis Mumma, Ruth M. Barkle, James W. Reapsome, Mary Elizabeth Stauffer, Stanley G. Ober, Nancy

Peifer, Geraldine Kline, Nancy A. Herr, J. Richard Brubaker, Betty Jane Rohrer, Dorothy Forney, Samuel H. Beissel.

Snavely, Herbert Walters, Wm. H. Weaver, Gerald M. White, Charles W. Longenecker.

### Boro Council

(From page 1)  
commended a donation to both for their services.

Chairman Loraw ruled that council cannot make donations for such purposes and suggested bills be rendered for the work.

Mr. George Brown asked for a one-inch water connection for two tenants at the "Dell". Mr. Krall stated that "out of town" persons should be charged more for water privileges than residents of the boro.

Burgess Brown responded that they were perfectly willing to pay whatever the boro thought was fair. Upon motion the privilege asked for was granted but no reference was made as to rates.

This brought about considerable discussion on water rates, meters, etc. Some councilmen were of the opinion that all "outsiders" should be metered and Sec. Bailey reported that whenever this was done the water was cheaper. It was argued that it was no fault of the metering but that the rates charged were entirely out of order and too low.

Mr. Echerly of the Property committee, reported Cove Park a complete "washout" and needed re-

pairs; purchased two revolvers from private citizens for use of special policemen.

Supervisor Smeltzer reported the trees trimmed but needed further attention; that labor was difficult to get at 50 cents per hour when stone quarries are paying a lot more and that the interior of the reservoir should be painted as well as the exterior.

Pumping engineer Schatz reported having pumped 7,795,000 gallons during May.

Officer Zerphey, reporting for Fire Chief John Schroll, one fire during May and firemen busy pumping out cellars. Officer Zerphey also made his usual report.

Secretary Dillinger, of the Board of Health, 15 cases of chicken pox, 15 cases measles and one nuisance corrected.

Treasurer Nissley reported these balances: Boro Account, \$7,899.52; Water Account, \$5,320.66.

Robert Schroll was reimbursed for macadamizing the boro's half of the driveway between his property and the Boro Park.

Collector Fellenkaum asked for a number of exonerations but the councilmen were of the opinion it was a bit previous. The solicitor will be advanced from 50 to 60 cents per hour.

There were three requests from engineers who requested an audience with Council relative to the sewage system. They will be invited to attend a special meeting here on June 18 at 8 p. m.

There was a lengthy discussion relative to surface water in the vicinity of the High school building. The matter was referred to the Street committee with power to act.

Upon motion \$600 was transferred from the water to the Interest account.

Upon motion it was ordered to contact the Mt. Joy Twp. supervisors in an effort to have the road from Manheim and Old Market streets to the John Shearer road oiled.

Burgess Brown stated that all councilmen should get all the information possible relative to the sewage and disposal plants.

Bills were paid and council then adjourned.

**OFFICE CLOSED**  
Dr. H. C. Killheffer, optometrist, with offices at Manheim and Elizabethtown will be closed from Monday, June 10 through June 13th.

### Lanc. Co. Firemen's

(From Page 1)  
tribute to 11 firemen who died in the past war.

J. Harry Grube, Landisville, dean of the association's executive staff was renamed association secretary for the 20th year.

Paul Knier, Fire Marshal for Lancaster County, revealed that 250 fires were reported to him the past year, an increase of 88 over the previous year.

Knier added that five firemen were injured and three firemen were overcome by smoke while fighting blazes.

The largest number of fires was due to defective and overheated, dirty chimneys, while burning brush and rubbish and lightning were high on the fire cause list.

Elizabethtown answered the most fire calls with 40 during the year, and Quarryville and Manheim were next in that order. Mt. Joy, Strasburg, Ephrata, and Intercourse were called numerous times.

Officers named were Earl F. Lefever, Quarryville, president; Arthur S. Young, Kinzer, first vice president; Lester Good, Landisville, second vice president; Raymond Runk, Litz, third vice president; Vincent Miller, Bird-in-Hand, 4th vice president; and John E. Hively, Paradise, treasurer.

**Won Prizes**  
Hope Hose Co., Manheim, won \$100 for the best appearing company in the parade. Friendship Fire Co. here won \$25 for the best appearing ladies auxiliary.

### Rains And High Water

(From page 1)  
to the floor of the bridge.

At the Boro Water Works, it almost reached the filter beds. There was considerable damage at the Cove Park nearby.

At E-town the Coney Creek flooded many garages and buildings along its banks.

The Mayer poultry farm south of town, which gets its water supply from the boro, was without water the main crossing the creek having been torn out. They secured a temporary connection Monday afternoon.

In our boro there were comparatively few cellars that were not flooded and our firemen have been very busy pumping out cellars ever since.

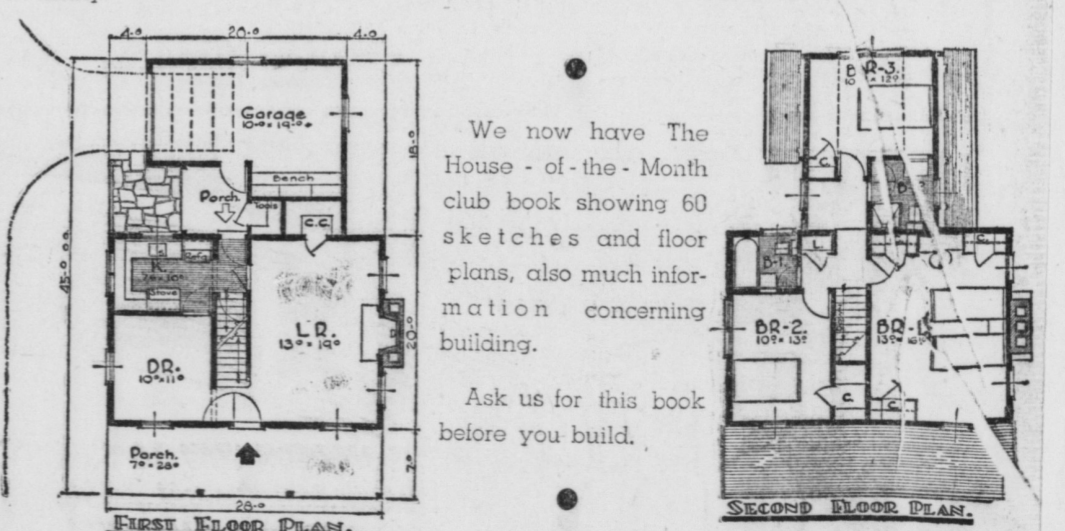

### First National's House-of-the-Month Club

## "THE FORBES" . . . . for June

The Forbes embodies within its exterior of painted white siding and gabled roof all the pleasantries and current appeal to country atmosphere so desirable and yet so often neglected in small home conception.

By omitting unnecessary space and spotlighting the contemporary advantages of home simplicity in both design and arrangement, this compact house is complete in functional livability.

We now have The House-of-the-Month club book showing 60 sketches and floor plans, also much information concerning building.

Ask us for this book before you build.
