## AN EDITORIAL

In his recommendation to Council, contained in a letter published in these columns last week, Engineer John H. Wickersham, gave us the solution to more water, better pressure and adequate water provision for the future growth of our boro. By his method the change could be made without disturbing one foot of our present water pipe network thruout the boro and last but by no means least, the disadvantages of open ditches, torn up streets and alleys plus the inconvenience of Mr. and Mrs. Public while the changes are in progress.

He has completed the mission for which he was engaged, if and when the boro decides to turn on the "go" signal.

Our readers will remember that at the last regular meeting of Council that body decided to lay a 12-inch water main at a cost of \$82,000.00. A motion to that effect was made and carried. In this we thank Council erred.

We have a good Council personnel and we know there isn't one member who would make a personal expenditure without first knowing whether he had the finances.

BUT, Council decided on an expenditure of \$82,000, because the engineer recommended it, not even considering when, where or how the debt was to be paid.

They must not forget that when our Water Works was built the promoters created a debt of \$40,000. To be exact the bonds were ordered issued by an ordinance passed December 2nd, 1873 as follows: 30 at \$500 each, and 250 at \$100 each. Also that "they shall be payable to the bearer forty years after their date, but may be sooner paid, at the option of the Boro."

It naturally required some time until the water works was built and ready for operation. According to the copy of an ordinance in the writer's possession, passed by Boro Council Aug. 1, 1892, Henry L. Stager, Burgess, regulations relative to the use of water were formulated.

As near as we can remember the last of these water bonds were paid off about four years ago, fifty years after they were issued, even though they were to be retired ten years earlier.

We feel confident that our Water Works needs improving, but there are many, many tax payers who heartily agree that RIGHT NOW is by no means the time to do it. Material and labor are sky-high today. The Boro of Lititz has abandoned the idea of sewage and improvements to its water system due to today's excessive and costly prices and we voice the sentiments of a majority of our citizens when we say that the laying of this 12-inch water main should be postponed.

Engineer Wickersham says it would increase our pressure and improve our fire protection. We have every reason to believe this is true but feel confident we could "shift along," patiently awaiting a break in cost.

We understand from some of the expressions at the recent special meeting, that Council may reconsider its recent order to spend \$82,000. It would be well.

## OUR SUGGESTION

If and when Council decides to spend \$82,000 for better water facilities it might be well to consider:

Providing larger storage basins in order to save some of the water going seaward. This supply could be used to great advantage during a drought or a week's rain.

Concrete our present boro reservoir, thereby preventing considerable loss of water by the present seepage.

Put a concrete collar on our reservoir, thereby increasing storage there and in the standpipe, at the same time stepping up our water pressure a trifle.

Tie in some of the water mains on the south side of the boro, thereby eliminating many dead ends. This too, would slightly increase pressure and improve water service to consumers and in case of fire.

## Breneman Show Big Success, Prizes Given

The Tom Breneman Show sponsored by the Ladies Auxiliary of Friendship Fire Co., held in the high school auditorium last Thursday evening was a grand success.

Mr. John Newcomer, the Tom Breneman of the show, presented orchids and gifts throughout the show as follows:

The good neighbor letters were judged by Messrs. John Newcomer and Jay Eichler.

## Realty Sales Around Here During Week

**Elstonsville Home Sold**  
Miles H. Marks, Lancaster, purchased at public sale Saturday from Barbara T. Lausch, Manheim, a property on Route 72, near Elstonsville, containing a four-room frame cottage with garage and some acreage, for \$3,570.

E. V. Spahr was the auctioneer.

On Friday evening Auctioneer Chas. S. Frank sold at public sale at the Bulletin Office, the real estate of the late Frank S. Peffer. It consisted of lot No. 47 on West Donegal street, this boro, with a 1-2 story frame dwelling and a frame stable. It was purchased by Ralph C. and Fern S. Alleman, for \$2,925.00. The Allemans at present reside at 345 West Donegal street. The property they purchased is now occupied by "Jim" Pennell. Possession will be given April 1st.

The real estate was sold by H. A. Minnich and Katey Hershey, executors of the will of Frank S. Peffer. Wm. C. Rehm was the attorney.

## Donegal Airport Open For Business

Donegal Airport, one mile west of Donegal Springs, on the farm of Harold Endsloew is now in operation. Phares H. Landis, the operator is the authorized agent for Piper Cub airplanes. Henry S. Weber, flight instructor is agent for Taylorcraft airplanes.

This airfield is now open to the flying public, airplanes will be sold and rented, "you fly it" or if you are not a pilot, one will be furnished. Flight instruction will be offered and also passenger rides.

Flying is a magnificent sport and pleasant recreation. Business and professional people especially find this true. Flying is not only fun but it is also a time saving and economical way to travel.

Longer distances can be traveled quickly by air, and certainly with less effort than driving a car on the highway.

## Sylvester Walters, E'town R1, Wins County Corn Hushing Cham'shp.

Five huskers, topped by Sylvester Walters, of Elizabethtown R1, the 1946 champion, broke all previous records at the 12th annual Lancaster county corn husking contest which was held here on Saturday.

Walters, one of twelve who qualified for the final contest, was credited with a net score of 32.74 bushels of corn husked during the 80-minute period, establishing a new county record. The best mark in former years was around 28 bushels.

Officials estimated a crowd of about 1,000 spectators lined the field of corn on the farm of J. L. Melhorn, on the edge of the borough, as the finals got under way at 1 p.m. The meet originally planned for Oct. 11 during the farm show, was postponed due to immaturity of the crop at that time.

Twenty-seven men reported at the field for the eight-minute elimination trials which were held in the morning. The field of contestants was narrowed down to the twelve with the best scores and these were eligible for the afternoon finals.

John Wagner, of Mount Joy R1, is the reserve husking champion of the year, his record being 32.10 bushels.

Joe Hess, of Mount Joy R1, the 1945 champion, came in third, with a net score of 30.41 bushels of corn.

In fourth place was George Van Cleave, of Willow Street R1, a county champion several years ago. His score was 29.61 bushels.

Other finalists made records as follows:

5. Reuben Mourer, Columbia, 29.47 bus.; 6. Earl Weidler, Lititz R3, 27.97 bus.; 7. Curtis May, Mt. Joy R1, 27.59 bus.; 8. Roy Bixler, Florin, 26.29 bus.; 9. Lewis Bixler, (Turn to page 2)
