MULCH EVERGREENS

Mulch all recently planted evergreens and shrubs with well-decomposed hardwood sawdust or peat moss to protect them during the winter, recommends A. O. Rasmussen, extension ornamental horticulturist of the Pennsylvania State College. Handle these materials carefully, since contact with the crowns of plants may result in sunscald.

plus length of service up to four years providing they have had three years of military service and receive the full subsistence allowance of \$63.00 per month for single veterans and \$90.00 per month for married veterans.

The course of instruction consists of 4 hours per week of classroom instruction and 1 hour per week of farm supervision. The subjects taught are those of major interest and are selected by the desire of the group.

Any veteran who is interested in enrolling in this training program in agriculture, is invited to attend any of these classes on the night when the group meets at the high school nearest to his home, or contact either of the instructors, Mr. John S. Herr at Quarryville or Mr. Frank S. Schrawder at 123 West High Street, in Manheim for further information.

Any veterans living in the Donegal - Mt. Joy - Marietta area can secure additional information at the high school office at Maytown, if they are interested. Such veterans are also invited to visit the class meetings held every Wednesday evening in the Agriculture Room at the East Donegal High School, Maytown.
