Learning to live in harmony

This Boys' Club harmonica band knows that playing in harmony applies to more than music. Juvenile delinquency is generally only misguided recreation—but no Boys' Club member has to repeat the recent statement of a youthful car-stealer that he "had nothing else to do and no place to go."

BOYS FROM 8 TO 18 BENEFIT through your Community Chest contribution, which provides them with a club where they can find plenty else to do. When juvenile delinquency goes down and the number of healthy, clean, constructively occupied lads in the community goes up, EVERYBODY BENEFITS. Give to the Boys' Club through your Community Chest. This saves another campaign.

TRACKING ON TAT-ANTU (FORMULA 83) KILLS RATS FAST

A Killing rat by tracking means rats die just because they WALK on TAT-ANTU (Formula 83). Here's how it works: sprinkle TAT-ANTU in rat burrows or runways. Rats walk on it. Their feet are irritated. They lick 'em. They die in 10 to 24 hours.

TAT-ANTU (Formula 83) is so powerful one lick kills rats. Guaranteed to kill or your money back.
