3 Brethren In Christ Bishops Ask Prayers At The U N Session

The appended article is reprinted from The Patriot, Harrisburg, Pa., of Friday, Nov. 14, 1947:
Three bishops of the Brethren-in-Christ church with a fellow minister have sent to President Truman an appeal to use his influence to have "chaplain service" made part of the proceeding of the United Nations sessions.

Bishop S. G. Engle, 2001 Paxton street, headed the movement which was joined by Bishop T. M. Books, Bishop W. M. Dick, representing India, and the Rev. Irwin O. Musser. These with Bishop Engle sign the letter to the President which follows:
Dear Mr. President, Greetings:
"The introduction by which I present myself is, first, I am an interested citizen of the U. S. A. Interested in the Country of my fathers and their kindred,
47 Years In Ministry
"I have served in the ministry of the Gospel in the organization known as the Brethren-in-Christ Church for forty-seven years. My son, Dr. J. Lenhart Engle, served as a surgeon in World War I. I am a citizen of this country for five generations. I therefore regard every foot of this Country's soil as sacred to me, my kindred and their families.
"Mr. President, the subject that concerns us, is the following. I need correction if I have failed to see any report of chaplain services on the opening session in San Francisco of the U. N. and continued to the present. If so, then it is worthy of commendation that this country's God is recognized by such a high ideal as World Peace. If not, then I see cause for our religious leaders to rise in common protest for so great a neglect. I have a high appreciation for you, Mr. President, when addressing the Nation you implore Divine help in forwarding useful policies.
Exalting A Nation
"We as citizens honor the prayers of Washington and many others whose prayers for help and thanksgiving have continued to this day. All this, supported and maintained by the sacrifice of their own blood at tremendous cost gaining for us a land of freedom, equalled by no other in the world. Dare we ignore the God of their prayers and sacrifice and not recognize Him first in every Council both national and international? Has He failed us or have we as a people turned from Him and given place to other gods, who are not gods? I cannot think of another act which will

cause the country's decline more certainly than to compromise the teachings of Christ and recognize the proposed gods of other countries.
"The warning of President Coolidge is timely that we are losing the spiritual. Psa. 33:12, "Blessed is the Nation whose God is the Lord." Prov. 14:34, "Righteousness exalteth a Nation but sin is a reproach to any people."
We the undersigned are honored to represent our people in soliciting the influence of your good and great office to bring Chaplain service to the U. N.

"The fields are whitening and far and wide,
The world is waiting the Harvest Tide,
The reapers are few and the work is great,
And much will be lost if the Harvest wait."

St. Lukes' Church To Have Sacred Concert

A recital of special interest to Mount Joy will be given in St. Lukes' Episcopal Church on Sunday afternoon, Nov. 30 at 4:30 p.m. by Gordon M. Eby, Organist of St. Lukes' Church. This is Mr. Eby's third recital in St. Lukes' Church since his appointment as Organist there in December 1946.
Mr. Neil N. Cherico, Tenor, of

GORDON M. EBY

finds no difficulty in mastering the poetic language and musical style of his background. Among his selections, Mr. Cherico, has chosen one of the most difficult of all tenor arias, "Cujus Aniam" from Rossini's "Stabat Mater". This aria is seldom heard because of the gigantic range and breath control demanded of the singer.
Among Mr. Eby's numbers will be the justly celebrated "Clair de Lune" by Debussy and the soaring and beloved "Liebestrod" from Wagner's immortal opera "Tristan and Isolde."
The public is cordially invited to attend the recital.
A large list of patrons are sponsoring the concert and further details will be published at a later date.

29 From West Green

(From page 1)

derfully successful and the materials brought in are taxing every available bit of space and also the strength of the workers at the Center, where all the goods must be sorted, packed and in general made ready for shipment to their destination overseas.
Of the 79 volunteers at the Center Saturday, 18 young people, with Bill Leonard in charge, came from Brookland Methodist Church, Washington; a mixed group of 18 from Upper Coneago Church of the Brethren, East Berlin, Pa., Mrs. Bertha Hull in charge; 10 young people from the Luray Church of the Brethren, Luray, Va., accompanied by their pastor, Rev. Don Royer, and a mixed group of 29 from the West Green Tree Church of the Brethren, Mount Joy, Pa., Miss Jean Eshleman in charge. Four women workers were also here from Calvary Baptist Church, Washington.

Glass bottles were made in Egypt as nearly as 1500 B. C.

Beans are believed to be native to North America.

NEIL N. CHERICO

New York City will be the featured soloist. Mr. Cherico and Mr. Eby were classmates at Peabody Conservatory, Baltimore, Md., prior to World War II.

Mr. Cherico, a native of Hazleton, Pa., has had a brilliant career as a singer; having sung his first opera role in "Cavalleria Pasticano" at the age of 19. Having sung in the recent Broadway production of "Carousel" for 2 and 1-2 years. Mr. Cherico has sung concerts in all the large cities on the Atlantic seaboard.

Mr. Cherico has progressed with amazing strides in his chosen field of music. A student of Mr. Dufrene, a coach at the Metropolitan Opera Company, Mr. Cherico is preparing for an operatic career, and is at present a member of the much publicized "New Opera Company" of New York City.
Of Italian extraction, Mr. Cherico

A MAN OF THE WORLD

Yes, and we mean in an important sense, for the eyes of the World are upon him
He is the American farmer.
He, alone, among the farmers of the major nations, is able to feed his own countrymen and hungry millions in other lands. Last year he sent 20 million tons of food abroad while maintaining our own diet level — already the best in the world.
This high production efficiency — achieved by the persistent application of new tools and scientific discoveries — must be maintained in months to come. For food is still fighting for peace.
And so is steel.
Steel companies, which already have set new peacetime production records, are spending more than one billion dollars on improvements and expansion to meet the needs of reconstruction abroad and our expanding economy at home.
Through steel and farm production lies a great source of American strength. And only the strong can hope to keep the peace.
