DODGE FIELD MEN MET AT HERSHEY

H. B. Stehman, of the Stehman Bros., Salunga, has returned from a meeting in Hershey where members of the Dodge field organization and the factory executive staff of Detroit outlined advertising, merchandising and other plans concerning the completely new line of trucks being introduced this month.

Dealers were told that the new line of Dodge "Job-Rated" trucks has been expanded to include 248 basic chassis models ranging from 4,250 to 23,000 pounds gross vehicle weight and up to 40,000 lbs.

gross train weight. It covers 97 per cent of all hauling and delivery requirements.

The continuing program of training dealers and salesmen to better quality them to serve truck users in the selection of the right trucks and special equipment to meet specific hauling needs was outlined by the speakers.

The largest advertising release in Dodge truck history will be made to introduce the new trucks, the dealers were told. Media includes newspapers, magazines, vocational publications and poster boards.

The meeting was one of 60 being

conducted this month throughout the nation by members of the Dodge field organization and the factory executive staff of Detroit.

Annual Report

(From Page 1)

received at Sloan's Pharmacy in Mount Joy, Central Cut Rate Drug Store in Elizabethtown and Ruhl's Rexall Store in Manheim.

The Association wishes to express their appreciation to the above mentioned druggists as well as to agencies and individuals for their cooperation and assistance in

helping to make this service possible for the citizens in the different communities.

The Association is greatly appreciative of the service given by the local paper, "The Mount Joy Bulletin" in publishing the reports and articles relative to the Nursing Service, thus enabling the community to know the scope and extent of the Visiting Nurse Service.

Everybody reads newspapers but NOT everybody reads circular advertising left on their door step.

Where Do People Live the Best?

Russia?
England?
United States?

The answer: The U. S.

We are better fed, better clothed, and have more automobiles, refrigerators, telephones, and radios per capita than any other country.

Why? One reason is the efficiency of the American farmer. In countries where farm production is low, the standard of living is low.

The American farmer represents only 2 1/2 per cent of the world's farmers, yet he produces approximately 20 per cent of the world's food supply.

Steel production also is an accurate measure of living standards. America, with only 7 per cent of the world's population, produces 50 per cent of the world's steel.
