

OWL LAFFS

—BY— A WISE OWL

The most appropriate sign I ever saw was displayed above a big circular saw at a Landisville planing mill. It read "Hands Off," and if you don't heed the sign that's just what would happen.

The other evening a certain fellow was "stewed" and he wanted the fellows to sing—"My wife is an open book to me but I cannot shut her up."

A man from the country went to Newcomer's hardware store and asked for a rake with metal teeth. He said the one he bought last year had pyorrhea — all the teeth fell out.

A young chap from Florin asked me if I thought it would be a good idea if he called his girl Fermented just because she turned on him.

A fellow on Mount Joy street bought a bottle of hair tonic and said it was no good because all the directions it gives are for adults, and he never had them.

A West Donegal street man went to his neighbor and said — "Will you loan me this book for a week, old man?"

The fellow said — "Sure, but who is this weak old man."

About the laziest thing I ever saw was water that was too tired to run.

A funny one happened up on Donegal street the other day. A man called at a certain home and a boy about eight answered. The man asked where the boy's father was and he said — "If your the collector, he's out of town; if you're a politician, he'll be home all day Sunday, and if your the fellow that owes him for them potatoes he's down in the woodshed."

A certain woman here bawled her husband out for continually saying — "my house," "my car," "my daughter" etc. She said he should say "our" instead.

Next morning when he got out of bed and went running about the room she said — "Now what's wrong?"

He replied — "Why I'm looking for our pants."

Some fellow asked one of our local autoists if it wouldn't upset him if he ran over a pedestrian.

He replied—"I'd hate the derndest to hit one that big."

A woman on Marietta street told her son he should never do anything he would be ashamed of for the whole world to see.

He said —"Hooray! I won't have to take any more baths."

A teacher back at school asked a pupil this question: "If one bad apple spoils a barrel and two bad apples spoil two barrels, what will a barrel of bad apples do?"

The pupil replied—"Keep p-p in liquor for two weeks."

A certain chap calling on a lady here said — "Do you think your father will object to my suit?"

She replied — "O, I don't think so. He wears one almost as bad."

Back at school the other day one of the pupils was trying to unhook a light spring coat she was wearing. Finally the teacher offered to assist her and while trying she said to the girl — "Did your mother hook this coat?"

The girl replied — "No, she bought it."

A young fellow came up Manheim street with a black eye and I asked him where he got it.

He said — "It was only a sweetheart's quarrel."

I said — Your girl didn't give you that, did she?"

He replied — "No, it was the other sweetheart."

A man at Florin told me that be-

Mount Joy Juniors Topped Rothsville

Having extended its undefeated record through the first round of the County Junior High School League play-offs with a 46 to 22 victory over Rothsville, Mount Joy's high-flying quintet was leveling its guns for Lancaster Twp. Junior High School, only obstacle on its course to the local title.

Lititz High School, site of this contest, is also the scene of the league championships, to be held Friday night between the unbeaten Section 1 champs and the Lancasterians, Section 2 titlists.

Both teams displayed the jitters in the first quarter, and Rothsville managed to hold Mount Joy in check fairly well throughout the entire first half.

Leading 21 to 13 going into the third period, Mount Joy struck hard and fast as the Rothsville defense collapsed. Although the losers battled strongly in the last stanza, Mount Joy just had too much scoring power.

Gerald Wilson sparked the winners with 17 points.

progress report 1948

Today we have the greatest number of telephones in operation in our history. Daily telephone traffic has far surpassed the busiest rush hours of the war years. Our expansion program for 1948 calls for an even greater number of installations than during the record year of 1947. We are doing everything possible to meet the record demand for service—and, in all fairness, will give first attention to those who are on our waiting list.
