**"Talk about VALUE," says America**  
**"CHEVROLET**  
**and ONLY Chevrolet**  
**IS FIRST!"**

You'll find that new front-end styling—new colors—new and even more luxurious interiors add still further to the Big-Car beauty of Chevrolet's Bodies by Fisher. They're the world's finest bodies, found only on Chevrolet and higher-priced cars.

From one end of the country to the other, public enthusiasm for the new 1948 Chevrolet points to a great public conviction that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-around value as in popularity. More people drive Chevrolets, according to official nationwide registrations and more people want Chevrolets, according to seven independent nationwide surveys than any other make of car. Your own judgment will tell you that this is because Chevrolet gives more value... because it alone offers BIG-CAR QUALITY AT LOWEST COST!

You and your family will have Big-Car safety, too. For Chevrolet brings you the three-fold protection of Fisher Unisteel body-construction, the Knee-Action Ride, and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and more costly cars.

As you know, public demand for new 1948 Chevrolets is at the highest level in all Chevrolet history. For that reason, we urge you to keep your present car in good running condition, pending delivery of your new Chevrolet. Come in, get skilled, dependable service, now and at regular intervals.

 the fourth floor of the new building to stand as a Mount Joy Borough memorial. Lineaus W. Longenecker, commander for Lower Mount Joy Twp., reported that the goal for this section will be \$10,800 to provide for two private rooms in the west wing of the second floor of the building as a memorial in the name of residents of the Lower Township. "This action on the part of Mount Joy Borough and Lower Township shows that the people in the western part of Lancaster County are deeply interested in the program to enlarge the hospital," said Mr. Snavely.

"Last year 125 patients from Mt. Joy were treated at the hospital, which meant that approximately 5 beds were in almost constant use for residents of the community. These two public campaign objectives represent a minimum investment in protection of our own health and that of those who are dear to us. I hope that the goal will be generously oversubscribed in the period from May 5 to May 20."
