an estimated \$628,728, the P U C said. The cost will be divided equally by the Commonwealth and the Federal Government as will the property damages.

The bridge improvements are part of an ultimate relocation to permit the new highway to by-

pass Landsville, Salunga and Lancaster. Last week, the Highways Department received bids on the \$2,500,000 four lane construction project. There was no indication, however, as to when awards will be made.

Darlene Sauder, aged five, Washingtonboro, was badly injured when she ran into the path of an auto driven by J. Ellis Frey, of Millersville.

## Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employees reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

THE LEADERS of three railroad unions, representing less than one-tenth of all railroad employees, have called a railroad strike that would paralyze the nation. These leaders refuse to accept a 15 1/2 cents an hour wage increase retroactive to November 1, 1947. This increase was recommended by an impartial Emergency Board appointed by President Truman. This increase of 15 1/2 cents already has been accepted by the 19 other railroad unions. But the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Switchmen's Union of North America won't accept what more than 90% of all railroad employees have accepted. They have called a strike to get more!

Unions refuse rules discussion Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—they demand that the railroads put into effect ALL the changes they asked for, including those the Board felt should be denied. On top of this, they insist that certain rules changes proposed by the railroads be withdrawn—in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified Engineers and firemen are among the highest paid of all employees in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers received. Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board
