**MARKET OUTLOOK IMPROVED**

Recent events have improved the farm products market situation according to W. F. Johnstone

the extension agricultural economist of Penn State College. Income tax reduction and increased military spending have made more purchasing power available to consumers with resulting larger spending for food products.

**KILL WEEDS IN CORN**

Many farmers do nearly all their early cultivation of corn with a rotary hoe, spike harrow, or weeder, reports J. B. R. Dickey, extension agronomist of the Pennsylvania State College. Harrowing knocks the weeds out of the row while they are still small and also keeps the

soil surface permeable to moisture and air.

**AID SWINE COMFORT**

Hogs suffer greatly from summer heat and need shade as well as ample fresh water, reminds L. C. Madison, extension livestock specialist of the Penna. State College. Where trees or brush do not provide natural shade, an artificial shade can be built with framework four feet high covered with straw or waste hay.

Why it asks a subscriber, that sometimes the hottest arguments are based on the fewest facts?

**YOUR DOLLAR BUYS MORE AT ACME**

**...AND CHEVROLET'S LOW PRICES**  
are even more attractive than in the past!

**FIRST** in Value . . .  
**FIRST** in Big-Car Quality at Lowest Prices . . .  
**FIRST** in Registrations.

NOT only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring . . . not only does it offer all these major advantages of Big-Car quality at lowest prices . . . but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!

It's the first and only low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head Engine. It's the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher Unisteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

Compare Values!... Compare Prices!...
