Play Ground News
 By George Broske

For the first time since the beginning of the playground activities rain interfered with the scheduled events this past week. Last Wednesday, due to wet playground, the Treasure Hunt and a Picnic had to be postponed to Thursday but Thursday not only produced wet ground but plenty of rain again necessitating a postponement.

Friday afternoon the Mt. Joy boys went to Marietta to play hardball. Even with a limited number of players the local boys played a great game, only losing out to Marietta by a score of 5 to 4 in the last inning. Donald Duck Germer pitched himself out of several bad spots and only the weak hitting of Mt. Joy lost the game. Donald Martin sent two runs home with a timely double in the third inning. A return game will be played this Tuesday on the High School diamond when we hope a different story can be told.

Monday the oft postponed picnic and Treasure Hunt was finally enjoyed by over 50 boys and girls of the playgrounds. Small tickets entitling finders to ice cream were hid along the Cove Road and all around the Cove Picnic Grounds. Picnic lunches in many instances soon disappeared while others had the will power to wait awhile. A pleasant time was had by all who attended with the added enjoyment of the free ice cream treat to be had at Sloans, Bennetts and Tyndalls who undoubtedly did a rush business in redeeming the Treasure Hunt tickets.

This week, on Wednesday, the Playground will hold its Junior Olympics or Track Meet consisting of many and varied contests.

Next Wed. evening at 7:00 pm the playground will present its last feature which will bring together fathers and sons in a ball game, stunts and skits, and also a display of crafts made during the Playground activities by the girls. Plan To Attend Wednesday Evening At 7:00 PM.

Forty Years Ago This Month

On August 8, 1908... forty years ago... The Hoover Company started making electric vacuum cleaners. This was the first practical portable electric cleaner ever offered the American housewife. Through the years they have been made better and better. More than 7,000,000 of them have been made and sold. The Hoover Company has made more of them than any other manufacturer. Women like them. They prefer the Hoover over any other make. Isn't it time you, too, owned a new Hoover?
