## EDITORIAL

On minute's small talk is all right, but an hour's small talk is too much.

There are some people who are so pig-headed that they won't take advice even when they are paying for it.

What people don't need and never expect to use again they put in the closet, then in the attic, next in the garage and finally to the junk pile.

The round trip Trans Atlantic fares on the Pan American World Airways will be reduced 25 percent effective October 1st. Then the round trip between New York and London will be \$172.50.

Another cut or two like that and the printers will give the trip a thought.

### WENT STEP TOO FAR

The National Labor Relations Board found that the International Typographical Union violated the Taft-Hartley act by insisting upon closed shop conditions in the newspaper industry. In plain English the Union was found guilty of labor violations. Four of the top officers of International are the guilty ones.

### PRICE BOGGED

Wheat is selling today below the government's theoretical "floor" in most parts of the country. Efforts to hold up the price have bogged down under the weight of heavy sales and lack of storage room.

The present administration is trying mightily hard to keep the price of wheat, potatoes, etc., as high as possible in the face of the coming election but at present it is a rather difficult problem.

### WHY NOT HERE?

The State Highway Department is improving Route 239, Harrisburg to Mount Joy, and when completed will be a big relief to motorists. An outstanding improvement was the laying of a concrete road from curb to curb thru Highspire same as it has been for some time at Elizabethtown.

Is there any individual who knows a sane reason just why that some improvement could not or should not be made thru Mount Joy?

It would certainly take care of traffic and at the same time relieve congested parking conditions at some points.

### TO MEET EXPENSES

The manner in which some communities are levying taxes to meet their running expenses since almost everything is so high priced, is quite unusual. Here are some of the new methods:

A \$3 annual levy on all gasoline and oil pumps - Carlisle.

A \$5 a ton impost on all slate dumped on the borough limits - Centerville, Washington County.

A \$5 tax on the seller of each new or used vehicle sold in the township - Snowden Township, Allegheny County.

An employer's tax of \$3 for each employee - St. Marys.

Up to this time no such taxes have been levied herabouts, all expenses being paid from taxes thru the usual channels.

### COUNT OUR BLESSINGS

No place in the world is more healthy to live in than the United States. And if you get sick no place offers better, and few as good, doctors and mercial service for all.

Commenting on this great advantage, Dr. R. L. Sensenich says: "Men live in the United States in good health to a greater average age than ever before in the history of any nation." This he attributed to the "spirit of progress of American medicine" exemplified by "the opportunity of the individual physician to progress to greater scientific attainments and better medical service, free from the deteriorating influence of government political control."

Social and political groups now advocating foreign medical plans

for the United States can better devote their energies toward expanding our present voluntary prepaid medical and hospital programs which have proved superior to any compulsory government medical and hospital programs which have proven superior to any compulsory government medical system.

### EVERY STORE WINDOW

In mid-July the Soviet government reduced the prices of some types of goods sold in its state-owned stores. And that provides an interesting commentary on living standards under a system in which the state controls everything, and has no competition.

The average Russian industrial worker earns 500 rubles a month. A bicycle, under the new price, will cost him 1,200 rubles—more than his entire income for two months' labor. A midget-sized automobile will cost 9,000 rubles. As a New York Times account sums it up, "The average Soviet industrial worker . . . must work two and a third hours to earn enough rubles to buy a bottle of beer, more than a month to buy a radio set and nearly eight weeks to buy a sewing machine."

There is an example of communist abundance. By contrast, the American worker, even in these days of inflation, buys each day foods and goods which would seem the wildest luxury in Russia.

What makes that possible? First of all, every American producer must hold costs to the minimum if he is to survive the competition. Secondly, the same thing is true of the stores where we buy our goods. Whether we patronize an independent or a chain, another store down the block or in the next town is aggressively competing for our business, and is trying to offer better quality, a lower price, a wider selection, or some other inducement. In a nation where the government owns the factories and the stores, no inducement is necessary.

Every store window in America, as a matter of fact, is an argument for the free enterprise system of doing things.

## Boro Council

(From page 1)  
cycle and 237 miles by auto last month.

Burgess Brown reported these collections: License fees \$4.00, auto fines \$10.00. He also voiced his objection to continue the use of a motorcycle by Officer Neiss.

Treasurer Carl Krall reported these balances: Boro account \$14-157.73, Water account, \$7,120.16. The Zoning Officer vacancy, held over from last month, was continued for another month.

It was decided to purchase sufficient 6 inch pipe to extend the water main on Pinkerton Road and thence east on School Lane to Delta street for the convenience of the S. Nissley Gingrich development project.

The Chamber of Commerce made three requests namely: Lease the land on the North side and adjacent to the P. R. R. tracks from South Market to New Haven street to the Boro tool shed for parking and improve the remaining space as Council sees fit.

Council refused to comply with any of the requests due to the lack of funds.

Upon motion \$1500 was transferred from the Water account to the sinking fund and treasurer Krall was instructed to invest same in Government bonds.

Upon motion it was decided to hold the next regular meeting on Monday evening, September 13.

These bills were paid: Boro account \$895.32, Water account \$361.24. Adjourned.

## 9 Persons Injured

(From Page 1)

Elizabethtown, was attempting to execute a left turn onto the Rheems road.

When he swerved his vehicle, Monteuth told police, his car collided with Mathey's vehicle.

Monteuth was treated at St. Joseph's Hospital for lacerations of the left knee, left wrist, and right hand, and discharged. Other passengers in his auto who were treated and discharged from the hospital were identified by police as G. Edward Steele, twenty-eight, lacerated right knee; Mrs. Anna C. Steele, seventy, his mother, pain in the left side; and Mrs. Sara Lois Stogmer, sixty-eight possible fracture of the left arm. All the injured are from Philadelphia.

### Three More Injured

Three persons were hurt in a one-car crash on the Bainbridge road, one-half mile west of Elizabethtown, at 8 p.m. Saturday.

The driver of the auto, Samuel Waltz, twenty-three, Maytown, was admitted to St. Joseph's hospital suffering a possible fracture of the pelvis, lacerations of the face and scalp. His condition was listed as satisfactory Sunday evening.

Two passengers in the machine, Delbert Flowers, twenty-two, 222 W. Main St., Mount Joy, suffered contusions of the left shoulder, and Russell S. Shatz, forty-five, 492 W. High St., Elizabethtown, received lacerations of the chin and right ankle. They were treated by Dr. T. M. Thompson, of Elizabethtown.

According to State Policeman Kenneth Owens, the car was being driven toward Elizabethtown when it struck a culvert and turned on its side. Police are continuing their investigation.

## At Mount Gretna

Sheila Trent, who has appeared in more than twenty Broadway productions, has been cast as Lily Herbish, the English girl, in "John Loves Mary", the entertaining comedy hit which opens Thursday, Aug. 19, at the Gretna Playhouse, Mount Gretna. This will be the closing production of the summer.

"John Loves Mary" is the delightful story of the young man, engaged to wed, who obligingly marries a young English girl to help out his buddy. The complications that follow make this one of the funniest shows ever written.

### MARIETTA BAND CONCERT FOR THE AMBULANCE FUND

A band concert will be held at the War Memorial Park, at Marietta on Sunday evening at eight o'clock, by the Swanee Fire Co. Band.

The concert will be held for the benefit of the Community Ambulance Fund. A free will offering will be received.

A Superior Cadillac Ambulance will be on display Sunday evening.

The surrounding community will benefit by the Ambulance which will serve Maytown, Bainbridge, Rowenna, etc.

### BARRICADED DOORS AT CLUBS ARE OUTLAWED

The State Liquor Control Board outlawed barricaded doors in licensed clubs Tuesday and gave licensed places 30 days to remove them.

### FIVE TRIPS IN TEN HOURS

Saturday was a busy day for the ambulance of the Elizabethtown Friendship Fire Company.

Within a span of ten hours the ambulance made five trips to Lancaster hospitals, including three accident calls.

The United States is the world's leading producer of manufactured goods.
