## EDITORIAL

The K. T. Keller celebration here Thursday was a decided success in every way. Everything passed off very nicely with not even a hitch anywhere. Every individual, who in any way contributed his or her efforts, deserves a pat on the back. It was a swell day for a swell fellow.

### HE WILL BE MISSED

Saturday forenoon the Death Angel saw fit to remove from our midst our townsman Raymond H. Keller. Mr. Keller has been ailing for quite some time. He was one of our town's best business men, a leader in politics with no personal ambition, a bank director, church worker, Legionaire and one of this section's leading citizens.

If the standard public opinion polls are to be believed - and their record in predicting elections has been amazingly good - Dewey will beat Truman almost as badly, in popular vote, as Roosevelt beat Landon.

The Roper poll has announced that it does not plan to check on the vote for president again - it considers the matter too cut and dried. That is all very cheering to the GOP. However, its leaders are still unswerving against the luxury of over-confidence. They are working on the idea that the fight will be close and tough.

### NATURE AT WORK

In this age we are awed and fearful of the terrific power of the atom bomb. But, according to meteorologists, there is a natural force that, when it strikes, is thousands of times as devastating. This is the hurricane, and those who have seen its method, who live where the whirling wind strikes, know of the damage it causes through the tremendous speed of its gales. Autumn is when the calm, humid, peaceful-seeming sea, can be churned and swept by winds that have an estimated impact of 2 million tons for a square mile of the storm area. So, while men fear the development of scientists, the atomic bomb, the developments of natural elements beyond man's control, remains the conqueror.

### NOT OVER YET

Chickens shouldn't be counted until they are hatched and a presidential election that seems won in October can be lost in November. There is a strong conviction that the Republican candidate is going to get the enjoyment of that new perch at the White House. But, all is not clear on the political horizon. The "Dixie Rebellion" didn't cause the split that was earlier expected. Seasoned observers say farmers are inclined to support the party in power, as long as farm prices are up, but agricultural states are reputedly Republican. Previously, organized labor threatened to desert the Democratic party, but the strongest groups in labor today, have chosen to "stick". Neither side can be assured of a victory, and we feel that both parties had better be stocking the locomotive for full steam ahead.

### NEWS FROM FLORIN

Mr. Keller's place in motordom

and the tributes his townsmen paid him well warranted the attendance of Governor Duff. Perhaps not all communities may count on the presence of the Chief Executive of the Commonwealth, but it can count on an invigorating experience. Pennsylvania is dotted with communities which have given the world persons of distinction. The Mt. Joy pattern ought to be adopted by them.

### ANOTHER OPPORTUNITY

We doubt whether many of you noticed the marked improvement on the outlying districts of our town during the past few years as did the editor. It wasn't many years ago that one couldn't purchase a single building lot with very few exceptions but look at today's changes.

Mr. John Melhorn purchased the late G. Moyer farm and now one can acquire very desirable building locations on the south side of town.

Immediately next to Melhorn's, Mr. J. Nissley Gingrich purchased the former Zercher farm and laid out quite a development along the entire southern border of the borough.

To the east of town, Mr. Clarence Schock acquired the late Frank Snyder farm and also developed almost the entire tract. Here one can purchase almost any kind of a plot desired.

East of town the former Seitz farm tenanted by the late Ezra Nye, was purchased by Mr. Wolgemuth and already half a dozen new dwellings have been erected. More desirable locations are available, many with bora water.

To the north of town, Mr. Jos. Breneman disposed of a portion of his farm to J. B. Keller & Bro. and we feel confident prospective home seekers could acquire desirable sites, particularly along Fairview St.

Across Fairview street Mr. Linnaeus Longenecker has quite a tract which he is developing. This also affords most excellent building sites.

Last week the Bulletin printed sale bills for the sale of the small farm of the late Maurice Groff, almost entirely in the borough. Here's another most excellent opportunity for some one who may have the development "bee in his bonnet", to acquire a desirable area.

That practically encircles our hero and if our town doesn't grasp this opportunity and grow, no one can truthfully say lots were not available. This gives the most skeptical a wide variety of choice. Come Spring, let's grow.

ing the Lancaster County Medical Society, was the speaker.

Dr. Witmer, in honoring the Salunga physician, told the group that most families didn't know how lucky they were in having "a doctor like Dr. Kendig, who is more than a family physician, but a friend."

A letter of congratulations from Dr. William W. Workman, president of the county medical society, was read by the president. The honored guest and speaker were introduced by the program chairman, Arthur A. Hackman.

Dr. Kendig was born in Manor Township in 1863, a son of the late Dr. Benjamin E. and Barbara S. Kendig. His parents moved to Salunga in 1874 and he has resided in the family homestead ever since.

(From page 1)  
noticeably worse since his activity in connection with K. T. Keller Day on Thursday. He was a member of the committee honoring the borough's native son, and had attended the luncheon honoring Mr. Keller in Lancaster as well as the ceremonies here. Before rising Saturday morning he complained of severe pain and died shortly thereafter.

He was born in our borough, a son of Mrs. Mary Alice McGill Keller, and the late John B. Keller, and was educated in the public schools of the borough. He was a widely-known cattle dealer and was a member of the J. B. Keller & Bro. firm here. He was a veteran of the First World War.

He was a director of the Union National Mt. Joy Bank, a position which he assumed about 15 years ago upon the death of his father. He was also a member of the local Chamber of Commerce.

Mr. Keller was a member of St. Mary's Catholic Church, of the Holy Name Society of the Church; of the Mount Joy Post, American Legion; of Columbia Lodge No. 1074, BPOE, of Friendship Fire Co. No. 1, here, and of the Lancaster Automobile Club.

He was Republican leader of the area and had been active in political life of the county for many years.

Surviving are his wife, Mrs. Ruth Bowman Keller; his mother; a son, Raymond B., of town, and a brother, J. Robert, also of this borough. There are also two grandchildren. The funeral was held here on Tuesday morning with interment in the Mount Joy cemetery.

Four Somerset county farmers, jailed because they refused to bow to the Penna. school code, were released Sunday long enough to attend world communion church services.

## The Bulletin's Scrapbook!

Week's Best Recipe  
American Chop Suey: 1 lb. diced fresh pork, 1-3 c flour, 2 c meat stock, 3 T soy sauce, 3-4 c mushrooms (halved radishes may be substituted), 1 c sliced onion, 3 c celery strips, 2 T margarine, 4 c corn-soya shreds (ready-to-eat cereal). Brown meat in heavy frying pan over moderate heat. Sprinkle with flour, stirring until each piece of meat is coated. Slowly stir in stock and soy sauce. Add mushrooms, onion and celery. Cover, cooking slowly 30 minutes, stirring frequently to prevent sticking. Combine margarine and corn-soya shreds, heat in oven. Serve chop suey around mound of hot, buttered soya shreds. Yield: 6 servings.

Use Drippings  
Too often we waste the drippings from bacon, especially if much bacon is fried or broiled for family breakfasts. Fat will stay fresh better if stored in the refrigerator. They still ask for unused fat, collected at meat markets by the way! Bacon drippings can be used as shortening in cookies, spice cakes, in muffins, waffles and pancakes. Foods in the skillet may be fried in it. For mixing with the mayonnaise of potato salad dishes, it adds flavor, too. Pop corn in the bacon fat.

For The Sweet Tooth  
Crisp 5 cups of puffed rice or wheaties, in moderate oven for ten minutes, place in large, greased bowl. Melt 1 cup margarine or butter, 1-3 cup peanut butter and 1/2 pound marshmallows, in the double boiler. Pour over cereal, mixing well. Pack into a shallow, greased pan, cool and cut in squares. Makes about 2 dozen.

Inspirational  
Life is nothing without friendship. Quintus Ennius, 240 B. C.

state of Penna., also the USA. Barney gave a very inspiring talk as well as some good pointers to the baseball team. Barney was swamped for his autograph by the ball team who were presented with baseballs by their coaches, Messrs. Clayton Newcomer and Hank Halgren.

The New Era presented the ball team with their jackets and will be very proud to wear them. The ball team in turn presented their coaches with a copper plaque in honor of the services they rendered them.

The Lions club was also presented with a trophy which will be placed in the high school trophy closet.

The Lions presented Mr. Clayton Newcomer with a certificate of merit. Also B.B. Kunkle for the interest and untiring efforts, time, energy and money spent in training the Midgets, and the Midget Midget baseball teams.

We feel sure the Midgets will go out next year with a feeling of not only being the runners up but the champions for Lancaster County.
