

OWL LAFFS

A WISE OWL

So you took me at my word! You did send me an ugly Valentine. Did you have to pick the nastiest, ugliest, most insulting one you could get? Gee whizz!

Most men are of the opinion that the average woman shows a lot of style, but in my estimation the new styles (such as the plunging neckline shows a lot of woman.

No clothesline will break under the strain of the modern girl's wash.

I was in a restaurant over the week-end that was so swanky that when I asked for horseshoe the waiter told me I couldn't eat it unless I wore a riding habit.

There was the screwball who tried to make hot milk without a fire. He was rubbing two cows together.

Last week my wife went shopping and got caught in a dollar day sale. She's had "buck fever" ever since!

We get all our information from the grapevine. One of the bunch always tells us.

One cold day in January, a clerk who works at the Sico Office was inquiring from his fellow workers if they would not take him home at quitting time. Upon inquiring why he wished to be taken home, it was learned he had sold his coat. Now what do you think of a person who will sell his coat in January while away from home, ask Marilyn Frey about it.

The difference between an alarm clock and a hen is that when you set a hen she sits there but when you set an alarm clock it goes off.

"You used to go along the street talking to yourself, and now you do not do it any more. How did you get over it?" I asked a Salunga man.

"I cured myself. I knew I did it and I got mad at myself for doing it. Finally, I got so mad at myself that I decided I wouldn't talk to myself any more, and I was cured." he explained.

The broad-minded wife. She agrees that there are two sides to every question—hers and the wrong side.

I thought I would be pretty smart and two time my spouse by taking a henna head to dinner at Harrisburg. However, my wife had the strings on my allowance tied pretty tight and I told the red head I didn't have much dough. "Oh, that's O. K.," she exclaimed, "I'll go fifty-fifty." She did! She supplied the appetite and I supplied the food.

They used to have apartments with closets in them. Now they have closets with apartments in them. They have hot and cold elevators, and all night burglar service. Instead of the janitor, the landlord cleans you out. They are ideal for married people, for when a young couple crowds in to one of those apartments, there isn't any room left for an argument.

I met an old friend whom I had not seen in ages, and I asked: "How is your husband?" She replied: "I haven't seen him for years. I think I must have said something to annoy him."

THE LOW DOWN

HICKORY GROVE

Some pretty young kind of gossings have been elected to Congress but that is okay so my good turn for today is to try to get them off to a fair start, and not ruin their future by poppin' off about. Some of them already have given vent to some brash talk. These gossings should review the Fourth Reader story of the young geese who quack quaked late into the night and who were heard and then gobbled by the wise far. So pipe down you guys. And Utopia, forget that — just return to our beloved 1776 America.

There are plenty of seasoned and stalwart persons right there in the Capitol for you young bloods to observe. Byrd, and George and little Joe Martin and Bricker. And if Mr. Longhorn O'Daniel old Texan head, too. And you know, not getting too far off the subject, new and fresh liquor is not palatable until it has had its brashness removed via ageing.

So you young ducks, take it easy—do not furrow your brow too deep, so soon. Let somebody else be the show off—let someone get in a word edgewise. You may thereby earn for yourself, a second term. Good Luck.

There is no better way to boost your business than by local newspaper advertising.
