EDITORIAL

NOT WITHOUT GOD
We have not found peace within ourselves—we have not been able to establish it among nations. Unless we are willing to prepare for a new Dark Age, we must soon acknowledge that we can not get along without the God our forebears found indispensable.

WE LIVE AND LEARN
The early Olympic games had played in ancient Greece were for men only. To insure the absence of women spectators, athletes competed in the nude. But how different today. We find the fair sex participating in many athletic events and in some instances they outshine their male competitors.

Politically their vote counts as much as a man's while many of them also smoke and drink. As we can see it at this age, it is fifty-fifty.

A FISH STORY
This is a fish story and you can believe its size because the claim comes from the American Iron and Steel Institute, who report that amateur fishermen are taking more than 50 per cent of the half million fish hooks made, on the average each day, in this country. There are a number of folks helping to use some of the 300 pounds of steel that goes into each day's manufacture of these little hooks.

A fisherman will insist that more people go fishing each year than attend all sports events. There is a lot of truth in this fish story, too. When a fellow buys a fish hook, you can be pretty sure he is going to use it.

YOUR NEWSPAPER
What does your newspaper mean to you and would you get used to being without it, in time? A survey was made, in the throes of a newspaper delivery strike in New York City, a while back and folks who didn't get their daily paper missed it more as time passed. They said they read the paper to keep abreast of world affairs, to occupy the mind from boredom, to study and take advantage of the advertising, to be able to converse intelligently, to follow social activities. You can pick up your paper and put it down at your convenience. You can also condemn or praise its policies as you desire. But, as a rule, you wouldn't be without it.

ALL FOR \$15.33
In defense of the American system called "capitalistic" by some, "free enterprise" by most, a company in an ad asks "Would you wreck American business for \$15.33?" Each of us would receive \$15.33 by the government taking ALL earnings of persons with reported incomes of \$50,000 a year or more. This is the way it works. In 1946 there were not quite 50,000 persons who reported \$50,000 incomes for taxation. They paid 15 per cent of all the taxes though it was but one out of every 76 taxpayers and their taxation was one-half of their earnings. Now, if the government had taken all their earnings, it would have meant \$15.33 per capita in tax revenue. So, for \$15.33 you would do away with financial, industrial and the business leadership. Could the wealthy carry the entire load of running the government, even if you think in such terms?

SUMMER AND RECREATION
It costs to play and last year Americans spent \$94 million for recreation. It cost cities money to help us spend these dollars for play by the building of parks, swimming pools, recreation centers. Though there are more soft ball diamonds maintained by cities than swimming pools, and swimming comes first in the country's recreational activities

Many cities provide courts for volleyball, tennis, basketball and horseshoes, have baseball diamonds and supply table tennis. In their national recreational program certain urban centers offer programs in ceramics, clay modeling, needlecraft, and of weaving, dancing, programs for children and so forth.

A town the size of Mount Joy can't afford to give such a varied number of activities to adults and children, but it behooves the civic father to establish some kind of leisure time programs if possible. Summer swimming can be without cost to the local government when it points to neighborhood creeks, and the brooks, for free! But, these city fathers caution summer swimmers who seek cool, refreshing waters, to make sure those refreshing waters are not contaminated. Many prominent lakes, public beaches and rivers, are named unfit for swimming. Let us not add to the cost of recreation in dollar's bills.

Pet Show Prizes

(From Page 1)
Immediately following the pet show the group was entertained by a magic show staged by Charles Rowenolt assisted by Bob McGreggor.

On Saturday, August 6th, 98 children and 8 adults journeyed to Philadelphia to see the A's defeat Cleveland 2-0 in a good baseball game. The group had travelled in Mr. Newcomer's and Mr. Johnson's buses and Mr. Simon Nissley's car, and had a very successful and happy day. The party stopped off to eat on the way down and the way back, as well as Sibley Park and returned with many souvenirs and happy memories.

This past Tuesday afternoon the Marietta girls again played softball on our field and won a 22-18 victory over our local ladies. This is the final week of the playground activity for this year and the final day will be Friday, August 12. The final afternoon has been set aside for the awarding of prizes and display of craft work, to close activities for the summer. Some of the local merchants have donated fine prizes and there will also be ribbons to be given to the winners of the special events held thru-out the eight week periods. Everyone is urged and invited to be present at this ceremony.

Car Rolled Over

(From page 1)
Where emergency treatment was administered. He was taken to the hospital in the Manheim Community ambulance and he was reported in a serious condition suffering head and possible internal injuries.

Car Rolled Over Bank
Allen R. McIntyre, seventeen, East Petersburg was charged with reckless driving by State Police after the car he was driving had rolled over a bank and into a field from a township road two miles east of Flory's Mill Saturday night.

McIntyre was taken to Lancaster General Hospital by Gerald White, East Petersburg, where he was treated for a severe laceration of the right hand which required 25 sutures to close.

State Policeman S. Nagel said the charges were brought after witnesses reported the youth was driving at a fast rate of speed. The car skidded on the loose stones.

Two passengers, James Enteligo, seventeen, Salunga and Harry Wigham, East Petersburg, had been thrown from the car but escaped injury, police said. The car, a 1932 model was demolished.

A Cyclist Injured
Donald P. Brucella, twenty, 610 Democrat Road, Gibbstown, N. J., was in serious condition at Lancaster General Hospital on Sunday after his motorcycle had overturned on the Harrisburg Pike between Mt. Joy and Salunga at the new road intersection.

FRIENDSHIP FIRE CO TO HOLD CARNIVAL AUG. 13TH
At the Fire House, North Market St., on Saturday, August 13, Friendship Fire Co. will hold their annual carnival.

HAPPENINGS — of — LONG AGO

20 Years Ago

The Florin Trust Co. will now merge with the First National Bank & Trust Co., at Mount Joy.

Harry Good, Ephrata contractor, got the job of erecting a 2-room school building at Mastersville.

AMERICAN BANKING IN ACTION

"Government lending... is a one-way road... to the socialized state."

EVANS WOOLLEN, JR., President American Bankers Association

It is a fundamental wrong to society for the Government to lend money that belongs to taxpayers, or to abuse their credit. Chartered banking has been and is aware of the social responsibilities involved in money lending, and it is fulfilling the need for credit with those responsibilities kept foremost in mind.

Farm-Fresh Fruits & Vegetables at A & P!

Customers' Corner
Have you ever noticed the date stamped on each carton of ASP eggs? It is put there to protect the quality and freshness of this perishable item.

An egg that is Grade A when it is inspected and packed could become Grade B or C by the time you buy it if it has been improperly or slowly handled.

We don't want that ever to happen to an A&P egg. That is why we put the date when the eggs are graded on each carton. Eggs not sold within a few days of that date are removed from sale even though they are still of good quality.

If you should ever find that any of our egg cartons bear old dates or that any eggs fail to live up to our high quality standards, please tell us about it. Please write:

Customer Relations Department, A&P Food Stores, 420 Lexington Avenue, New York 17, N. Y.
