AMERICAN BANKING IN ACTION

ANOTHER AMERICAN IDEA

More than one-hundred million American cars have rolled off the assembly lines. Only in a country like ours—where the mechanic who makes a car also makes enough money to buy one—can cars be made and sold in million lots. Your money in the bank helps to finance automobile production and to make jobs for 9 million workers in this field. When you buy a new car, bank credit will help you finance it. This is the system of American free enterprise and free chartered banking at work for you!

Miss Emma Barton
Miss Emma Barton, forty-seven of Columbia RDI, died Saturday while enroute to Columbia Hospital.

Returning from an evening drive with Isaac Kame, for whom she kept house in Kinderhook, Miss Barton, about to turn at Chickies Hill, stopped the car and complained of being ill. Kame then summoned help.

Growing Watermelons
Watermelons require a constant supply of nitrogen through the growing season. Placing 5 to 10 pounds of well rotted manure under each hill is a good practice.

After 10 years of almost steady climbing, farm land prices in the country as a whole appear to have reached a postwar peak.
