**RUPTURE  
SHIELD EXPERT HERE**

H. M. SHEVNAV, widely known expert of Chicago, will personally be at the Bunnick Hotel, Lancaster Sunday and Monday only October 23 and 24, from 9 A.M. to 4 P.M.  
Mr. Shevnav says: The Zootie Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.  
Mr. Shevnav will be glad to demonstrate without charge.

**The cry for help that  
only you can hear...**

The cry of a child, alone and afraid, would reach your heart and bring you running any time.  
You wouldn't say, "She's not mine!"; or "...I can't afford to help!"; or "...See me later."  
When no one else can hear, any child is your child.  
This week, you'll hear a child's cry for help. It will come in the quiet knock on your door that says a neighbor has stopped by for your pledge to the Red Feather campaign. And no one will answer—if you don't.  
This neighbor will ask you to give enough.  
How much is enough? How much would you give to send a visiting nurse to ten-year-old Mary trying all alone to take care of her chronically ill mother? How

much would you give to see crippled Jimmy playing baseball with the other kids? How much would you give to save a potentially fine boy from the Children's Court, and get him enrolled in one of the Red Feather youth services?  
No one else can make your Red Feather pledge. It has to be you.
