EDITORIAL

Did it ever occur to you that many of our present day politicians are run by remote control.

We want to remind you of the modern prophet who, some years ago, said that all Americans would be crazy by 1961. He meant if we live that long.

IN THE COUNTRY

City motorists are apt to forget that rural school children don't have sidewalks. The rural youngster hasn't the protection offered the children in the towns. It is in the wide open spaces of country highways, that you increase speed and it is in such places where children are often hit by motorists. Children on bicycles along the highways should be given careful consideration. Country lanes may be beautiful for fall driving but children can come darting across these peaceful roads. Take it easy, blow your horn, be ready for the unexpected. Be especially cautious when young ones are either going to or coming from school.

We are of the opinion that it is rather foolish for the authorities to permit all the labor strikes throughout the country, particularly coal and steel. It is rather difficult to explain just which way we are headed when we permit two men to do the thinking for many thousands.

Is our Government so small that it can't control Lewis and Murray or is the vote they control so important that neither should be insulted.

If the present situation continues workers on strike will get desperate. Their families must eat. We had an illustration of such a condition at Baltimore Mon. when 1500 scammed Union headquarters seeking food and relief. Remember that current strikes here in the United States are exactly what the Russian government wants. Strikes are the first step of revolution.

A SALUTE TO A LADY

On October 27, we celebrate the birthday of the most famous lady in the United States. She is enjoying her 63rd anniversary, losing none of her fame in the passage of years, but adding to her glory. She is the hope for those who would wish to come to this country, the promise to those who sail past her on their way to our shores. She presides in dignity and stature miles above the waters of the harbor of New York, a symbol of American freedom. Never tiring, this mighty woman holds a beacon in her right hand, raised high, clasps the Book of Laws with her left. This gigantic, copper sheathed figure, commemorates the alliance of the French and Americans in the fight for our independence in 1776. The French gave \$250,000 that she might take form, the Americans gave \$250,000 for the granite base where she might stand. She is named most fittingly, Statue of Liberty. A goddess indeed, an inspiration for those who seek the freedom. She is mistress of our ship of state.

LET'S HAVE FUN

Hallowe'en comes 'round again, the time of make-believe. It arrives during a beautiful season when the twanginess of fall air gives zest to building bonfires and making pumpkin faces. To release surplus energy, some children use Hallowe'en as an excuse for turning the occasion into a holiday of destruction. Fun is fun but vandalism is mean. There is nothing funny in malicious or thoughtless destruction of property. It should be curbed and parents can help to put a stop to senseless and often expensive destruction by the youngsters.

Hallowe'en is the time for reviving the customs that have been practiced through the years,

of masquerade, parties, apple-bobbing, fortune telling, jack-o'-lanterns, tick-tacks, Beggar's night and all the rest of the innocent diversions for normal children. Hallowe'en should be fun-making no fuss-making.

Essay Contest

(From page 1)

Mary Grace Bucher, a junior. These winners accompanied by President Walt, International chairman Clyde Eshleman, and their Rotary Anns motored to New York, where they will attend for a day, the sessions of the United Nations, at Lake Success.

Next Tuesday these two girls will attend our weekly meeting and give the club a program on their trip and what they saw at Lake Success. They will also give a program before the assembly at the high school. The judges for the essays were D. C. Witmer, a member of the Rotary Club, R. H. Phillips of the East Donegal High School, Maytown, and Robert J. Trimble of Elizabethtown high school.

President Walt announced that on Tuesday, November 15 there will be a program on Employer - Employee relationship. Each employer was asked to bring along one employee, and the firms not represented in the club, will be invited to attend this meeting, and also bring along one employee. The speaker for this occasion will be Mr. Hugh Forster, assistant to President Prentice of the Armstrong Linoleum Company of Lancaster.

President Walt then introduced the two new members, presenting each with their Rotary pin. They

were Charles Buchenauer and Rev. Donald Kline. Dr. Workman introduced Mr. Paul E. Portner, chief chemist at Wyeth Laboratories, Marietta, who spoke to the club.

Chrysler Head

(From Page 1)

think, as a matter of fact, Heilig with his powerful arms and legs was dragging us along, as I think our feet flew out behind and we were going so fast we couldn't let go. Remember one time I tried to help on the hand pumper but my feet didn't reach the ground when the handles were up, and I was (politely?) told they could pump more water if I let go or, perhaps it was all more forceful than that.

Anyway, I served at one time in the Friendship Fire Co. as a self-appointed member and, now, I have finally reached the status of a full fledged member. I don't think my wind and age would allow me to substitute for Heilig on a hand drawn hose cart and perhaps this is the reason I felt good about motorizing the Friendship Fire Co. I haven't forgotten how to ride on a seat.

It is great pleasure indeed to be of some service to my many friends in Mount Joy and I hope the new fire fighting equipment might do something to lower the insurance rates and be of benefit to everybody.

Sincerely,
K. T. KELLER

WHAT FARMERS MAY GROW
Lancaster County has been allocated 72666 acres of wheat for the 1950 harvest, according to the agricultural conservation program. The acreage is about 5,700 less than the average crop for the 1945 and 1948 period.

HONORED AT SHOWER

Mrs. Vernon Flowers, Landisville, held a surprise shower recently in honor of Mrs. Richard Wertz, whose marriage took place recently. Twenty guests were present.

COME ALONG WITH US

The model for the 1949 Girl Scout poster shows her troop leader the finished product. Carrying the theme "Come Along With Us" the poster is designed to help recruit adult volunteers.

Oct. 30 to Nov. 5 — Girl Scout Week

This coming week October 30 to November 5 is Girl Scout week. It will begin with a church service Sunday evening, October 30 at 7 p. m. in the Trinity Lutheran Church. This service will be attended by the Girl Scouts and the adult friends of scouting.

This year marks the 10th anniversary of organized scouting in Lancaster County. Mt. Joy Neighborhood is proud to have Troop No. 8 in the county. This troop has been continuously registered. Girl Scouting has grown in the county so that today troop numbers run as high as 183. In the past five years the Mt. Joy Neighborhood has grown from one Intermediate Troop which took care of girls of all ages who wished to be scouts to six troops including: two senior troops for girls at high school age, two intermediate troops for girls from 10 to 13 years of age, and two Brownie troops for girls 7 to 10. There are nearly one hundred girls in Mt. Joy registered in Scouting. These girls are under the following leadership.

Senior Troop No. 108, Leader, Mrs. George Albert, Ass't Leader, Mrs. Nick Lightner.
Senior Troop No. 96, Leader, Mrs. Robert Hawthorne, Ass't Leader, Mrs. Frank Young, Jr.
Inter. Troop No. 147, Leader, Miss Eunice Herr, Ass't Leaders, Mrs. Roy Wagner, Mrs. Joe Detwiler.

Inter. Troop No. 8, Leader, Miss Christine Weidman, Ass't Leaders, Mrs. Klein, Mrs. Earl Shelly.
Brownie Troop No. 105, Mrs. James B. Spangler, Ass't Leaders, Mrs. Lewis Diller, Mrs. Joe Schroll.
Brownie Troop No. 75, Leader, Mrs. G. F. Naugle, Ass't Leader, Mrs. Joe Shaeffer.
Through the efforts of the Training Committee of the Lancaster Co. Council it has been made possible for these volunteer leaders. Each year throughout the county basic leadership training courses are given so that with one or two exceptions each of these leaders either has attended such a training course or is doing so now.

Every Monday evening for eight weeks throughout October and November a Basic Leadership Training Course is being given here in Mount Joy. This is being attended by a group of leaders and prospective leaders from Mount Joy and neighboring towns.
The aim of Girl Scouting is the development of each girl into a well rounded individual—to develop a good citizen. Every man and woman in Mount Joy with a hobby to share, an interest in girls, or an interest in the future of America has something to offer Girl Scouting. That is why the slogan on the 1949 Girl Scout poster is Come Along — with us.

Hager's Plain Clothing Dept.
