AMERICAN BANKING IN ACTION

IT'S YOUR MONEY

You have the right to boss your own money. You can spend it and give it away, or bank some of it for the future. But you make your own decision. Maybe you take for granted this right to spend or save. Some people do. But let's remember that it's a right we enjoy because we live under the free enterprise system—the American way. In a communistic country, you would have to spend every cent to keep alive.

PEACE CARAVAN AT E-TOWN CHURCH OF THE BROTHERS

A Peace Caravan composed of Ralph Dull of Brookville, Ohio, and Stanley Barkdell of Copemish, Michigan, will spend the week of January 20 thru 26, in the Washington Street Church of the Brethren, Elizabethtown. These two young men, who are giving a year to the Volunteer Service program of the Church of the Brethren, will meet with various church groups and organizations, youth and adults alike. They discuss such topics as "The Christian and the World Today", "Problems of Christian Youth, Christian Adults", and "How We can Help Peace Come". Their purpose is to help all people in a church to find a richer experience of the Christian life. Dull and Barkdell will conduct the 7:30 service this coming Sunday evening, and they will also appear in Sunday School classes, and in the 6:30 Youth Meeting.

At the morning service at 10:30, Pastor Nevin H. Zuck will preach on "The Beatitudes" and summarize the current series of Sunday sermons. The Senior Choir of the Church will sing at this service.

WHEN PROOF WILL COUNT

You may call it a minor motor accident, but you'll have to prove you are good for \$11,000—when the new law goes into effect (applies to non-residents, too). Cash or bond will do it. So will Harleyville's noted all-feature liability policy—there's nothing finer for the law's requirements, and for your peace-of-mind. For extra, you get the backing of a company that's been in time of trouble.

Where would you invest your savings?

If you wanted to invest in a farm or a cheese factory, would you look for a loser?

We imagine not. If you are like most folks, you'd look for a business that makes a fair profit. People who invest in a telephone company feel the same way—they want a safe place for their savings and a fair return on their investment.

Money from these investors is needed to finance our construction program and expansion of service. When operating expenses get out of line with income, the reasonable profit that attracts investors no longer exists. We must then ask for relief in the form of increased telephone rates. That's only common sense. We know you'll agree.
