**YOUR FIRST FIELD TEST WILL CONVINCE YOU...THERE'S MORE POWER IN A MASSEY-HARRIS**

It's out in the field, on your own farm, that you discover the real power in a Massey-Harris. Out in the field doing your regular work... watching it lick the tough spots only you know... feeling the quick response of a lively engine that's ready to dig in from the word "go."

That's the big test. The test a Massey-Harris likes. The test that will convince you there's more power in Massey-Harris high compression engines... more power-saving economy in Massey-Harris straight-line transmission design. It's out in the field where you learn about economy too. The real dollars and cents kind that lets you do more work on less fuel. Economy is built right into a Massey-Harris. Better design in the engine, the transmission and distribution of weight let you cover more acres at less cost.

But try it for yourself. Get on a Massey-Harris. Drive it. Discover a new thrill in better tractor performance.
