**A WISE OWL**

Several days ago we received a post card from a guy named Lauer who covers a big portion of the State by truck for Birds Eye products. Last Wednesday from Phillipsburg we received the following:

Saw a boy skeeking down Ice Cube Avenue here with a hot water bottle tied to each ear, wearing an electric union suit operated by a storage battery strapped on his back eating a hot tamale just to keep warm.

A fellow stopped us the other morning. "Some men are never satisfied with their lot in life" he commented. Do you suppose they'll be satisfied with the lot they get in the cemetery later on?

A chap put up a swalk to me because he couldn't find a place to park on Main street. I told him: When Noah sailed the waters blue He had his troubles same as you. For forty days he drove the Ark. Before he found a place to park.

Several laffs have been passed on to us by a friend of two fellows here in town who haven't been too well lately.

This one fellow walked into a doctor's office and told him he feels terrible and wants a complete examination. But first the doc asked: "Do you drink much liquor?" I have never touched the vile portion, was the reply. Do you smoke? asked doc. I never touch the filthy weed, the patient answered. Do you run around much at night? Doc continued. I am in bed every night at nine o'clock for a fine nights rest, came the prompt answer. How about women? Doc asked. They have no fascination for me. Then doc queried: Tell me, do you have sharp pains in the head? The patient was amazed. That's just it; I have terribly sharp pains in my head. "That's your trouble," exclaimed doc. "Your halo's on too tight."

A Bamford man claims he has found the secret of how to be happy though married. "He has had a very happy marriage, due to the fact that when he was married, he agreed that the little wife would settle all the little questions that came up and he would settle all the big ones.—And do you know, in over thirty years of married life no big questions have come up.

The farmer's young bride from the city was having a great deal of trouble making oxtail soup. Everytime the water got hot, the ox would take his tail out of the pot.

"Now, children," said the teacher, "how do you suppose Noah spent his time on the ark?" There was no answer from the class.

"Well," she continued, "I suspect that he did a lot of fishing."

There was a stir in the back of the room. "Couldn't do much fishing with only two worms," chimed little Freddie.

How many things like this get on my desk is beyond me—Young Mother Hubbard Went to the cupboard To get her poor husband a drink. When she got there The cupboard was bare. So the girik had to drink from the sink.

Benny says: "My girl friend is so short she just comes up to my lower lip; but I don't care as long as she keeps coming up often enough."

Some kidnappers sent a note to a very heckled and hen pecked Maytown man threatening to kidnap his mother-in-law. They got this note in return "Please call her before seven this evening, as she is leaving town for the weekend."

"Could you give me a little shopping money, dear?" a Mt. Joy St.

**School News From E. Donegal Twp.**

The Parents Club of the Maytown Grade School will hold a food sale Saturday morning, March 18, beginning at 11 o'clock in Arnold's show room.

At this time there will be for sale cakes, pies, candies, baked beans, red beet eggs, potato salad, vegetable salad, and cole slaw.

The committee in charge of the sale is composed of Mrs. Milton Mowrer, chairman; Mrs. Wilbur Fuhrman, Mrs. May Hicks and Mrs. Phares Landis. This committee will be assisted by the parents of the school.

The proceeds of the sale will be put into the projector fund of the club. This fund is to be used to purchase a movie projector for the grade school.

Mrs. Milton Mowrer, Columbia R. D., an active member of the Parents Club of the Maytown Grade School, will represent the laymen of the Lancaster County Branch of the Pennsylvania State Educational Association at the spring meeting of the Southern District which is to be held at Hershey Hotel on March 10.

Mrs. Mowrer's appointment was made by Mr. Robert Metzler, president of the L.C.B. of the P.S.E.A.

Harold Musser was the F. F. A. representative at the county poultry meeting in Lancaster last Wednesday evening, March 1. He spoke to the group on "Quality Egg Production" and its effect on economic and profitable poultry production. He related to the group his own experience with his newly built egg cooling room which he built last summer under the direction of Dr. C. O. Dossin, extension representative from Penn State.
