EDITORIAL

The kindest cut from our government today would be a cut in taxes.

The fellow who thinks truth is stranger than fiction, hasn't read any recent literature.

LONGER LIFE

When our system of free enterprise is discounted, we might stress an important item that is often overlooked in argument. All babies born last year have a better chance for longer life. Three-fourths will live to 63, one-half to 72 and this even if we have no further improvements to add to our life-span. Of babies born in 1900, three-fourths lived to 24 and one-half to the age of 38. Control of disease especially child disease, through research in medicine and science, improved practice in diagnosis, discovery, active public health and welfare services, higher living standards, add up to prolonging life. This is found in our system that makes such progress possible.

THE TAXES YOU WEAR

The American Weekly recently published a full-page picture of a girl dressed for a party. She was wearing some modest jewelry and a fur scarf. She was carrying a purse. She had used the customary make-up—powder, cleansing cream, lipstick, rouge and so on. She had washed her hair with a commercially-made shampoo. She had a pack of cigarettes and a holder and a lighter. The point of the picture was that she was a living, breathing example of the burden of the wartime excise taxes which are still in effect, long after the last shot was fired.

These excise taxes, most of which come to 20 per cent on top of the regular retail price of the commodities affected such as the apparel and accessories worn by the girl in the picture, are, of course, in addition to all the other direct and indirect taxes we pay. Other types of excise tax—created by the war emergency—apply to transportation, telephone calls, etc.

Ask any retail merchant what the effect of the taxes is. Ask any worker in an industry which produces one of the commodities or services so taxed. Ask manufacturers. They all say the same thing—that the taxes reduce sales, that they force many people to buy inferior goods, and that they are a strong adverse influence on employment and purchasing power. Significantly, Canada, which had taxes of this nature during the war, repealed hers.

When the taxes were passed, it was said that they would be repealed as soon as hostilities ended. That is a moral obligation and their continuance is a clear breath of life on the part of the government.

EASTER, 1950

"Now in the place where he was crucified there was a garden." Before a scientific age, it was natural for the early people to accept flowers as a symbol of the resurrection. As they knew it, a plant that lies buried during the cold months, was dead. Then some unknown force caused that seed to germinate, the bulb to sprout, and then came the miracle of the flower. Through science we have learned of plant germination. We know the seed is alive, but its flowering still remains a miracle. We behold beauty in the garden, the beauty of faith in life, in resurrection, in immortality. The plant withers but the winter's ground is not barren. Nothing more radiant is there as it bursts its bounds and blooms again. Such is the life and passing, the body that remains behind as the

spirit blooms.

"Peace be unto you. And when he had so said, he showed unto them his hands and his side. They were the disciples glad, when they saw the Lord." Peace is to transplant fear, the fear of today, the fear of tomorrow. We have real fears, of insecurity, of war, of the hereafter. If we but had the peace of mind and of soul, so would we too, as the disciples, be glad, for we would see the Lord. A broken world needs the assurance of peace, mourning souls without hope, need their comfort. The light of day, the darkness of night, must conquer fear through peace.

"I am the Resurrection and the Life."

This is to believe that from a tomb, from a garden, came the conquest of resurrection, the triumph of the Risen Christ, the promise of eternal life. Easter is a day of rejoicing, a time of banishing dire thought of death, of the unknown. It is time to acknowledge His ways, His doctrines as divine, which is the Christian's faith. But, for the betterment of all peoples, all nationalities, Christianity must be a living, not a dying.

"Because I live, ye shall live also."

That which is the goodness of heart does not perish. Good overcomes evil, banishes fear, conquers cowardice, drives out devils of hate and malice. Easter is the mountain of hope that overlooks the plateaus of conflict and strife. To attain the mountain top, is a positive achievement. It's call appeals to man's conscience. Man's life is but a small part of his time, the greatest is his part in eternity. Let him stand on the mountain in his lifetime, see beyond the mists and devote his days to carrying out the pronouncements of his Lord of healing the ills, doubts, despairs, injustices, imperfections that beset the plateau. May this Easter give the long look, revive the immortal truths, that we may go into our gardens in peace, as we see the resurrection and the awakening about us.

Five Injured

(From Page 1)

total loss and Rohrer's Buick was damaged to the extent of \$400.

Police Chief Park will prosecute Rohrer for reckless driving and failing to have a Pennsylvania operator's license.

Pheasant Caused Wreck

No one was injured in a two-car collision caused, according to State Policeman John Golden, when one driver stopped suddenly to avoid hitting a pheasant on the Elizabethtown-Falmouth road Sunday afternoon.

3 Were Hospitalized

Two men and a woman were hospitalized following a two-car crash on the Harrisburg Pike east of Elizabethtown, about midnight Wednesday.

Injured were Mr. and Mrs. Warren Durthaler, Columbus, Ohio, and Paul Nissley, 111 Fairview St., Mt. Joy.

Mr. Durthaler, twenty-nine, suffered a severely lacerated forehead, and his wife, Gertrude, twenty-four a lacerated forehead, chest and left ankle injuries.

Nissley has a possible brain concussion, according to Lancaster General Hospital, where all were taken from the crash scene in the Elizabethtown Fire Company ambulance.

Durthaler Said He Was Driving West

Durthaler said he was driving west when a car bearing Nissley, coming from the opposite direction, swerved in front of his auto. His new car was demolished. Durthaler said, Nissley told State Police he was not the driver of the other car.

Largest Holly Tree

Largest holly tree in the world is claimed by Granville County, North Carolina.

Insect Pests

Use DDT compounds for killing leafhoppers, potato insects and corn borers.

Climatic Factors

Temperature, pressure, winds, and moisture of the atmosphere all go together to make up climate.

Naming U. S. Battleships

Battleships are named for states; cruisers for cities.

Everybody reads newspapers but your business than by local news-vertising left on their door step.

The Bulletin's Scrapbook!

Week's Best Recipe:
Honey Chiff Pie: 3 egg yolks slightly beaten, 1 c water, 1/2 c honey, 1 package lemon-flavored gelatin, 3 T Lemon juice, 1 1/2 t grated lemon rind, 3 egg whites, salt, 1 c shredded coconut, toasted, 1 baked 9-inch pie shell. Combine egg yolks, water and 1/4 c honey in top of double boiler. Mix well. Cook over boiling water 5 min. or until thickened, stirring constantly. Remove from heat. Add gelatine mixture. Add 1/2 c toasted coconut. Turn into cold pie shell. Sprinkle with remaining coconut. Chill until firm.

You Might Try:
Saute liver, chop in coarsely and combine with cooking rice and tomatoes. Heat equal parts canned cream of celery soup and milk. Add bit of minced green onion, garnish with pimento. Scallop whole kernel corn with cream of mushroom soup, adding bits of crisp bacon and fried onion. Put canned peach halves in a shallow baking dish, pour a little sherry over each and broil. Serve as dessert or with a meat dish.

If It's Fish:
Dry fish fillets after having washed them, using a paper or other kind of soft towel. To give the fillets a crisp crust, dip them in slightly beaten egg and in cracker crumbs before frying, or in milk and corn meal. Be sure to serve lemon wedges with the fillets when dining. The U. S. Department of Agriculture gives the shopper an idea of the quantity of fish to buy for a family. When buying fish steak or fillet, allow one-third pound for each serving; when buying dressed fish, allow one-half pound; when buying whole fish, allow one pound.

Inspirational:
A hungry people listens not to reason, nor cares for justice, nor is bent by any prayers. —Seneca
