40 MILLION STRONG
and still growing!

The United States has 40 million telephones—more than the rest of the world put together. And American telephone service is still growing! Here is a tribute to American free enterprise as it can be and should be: Private business yes, but business dedicated to public good. Working free of monopoly—with governmental regulations only in the public interest—the telephone industry has been free to grow—to give the American people service that is unmatched anywhere for efficiency, convenience and value.
