Zoning Commission And Council Approve Marine Aircraft Corp. Request; Boro Authority To Take Over Water Works Soon

Twenty local residents presented a petition to borough council at its monthly meeting Monday night, protesting a change in the zoning status of their area.

Finances Have 4-School District Plan Bottlenecked

Plans for a joint school district in the northwestern part of the county, under consideration for several months by four school districts have run into a financial bottleneck.

At a meeting Tuesday night of representatives from each board, Elizabethtown borough, Mount Joy, West Donegal and Concy Townships, it was indicated by G. Reed Alexander, chairman, that the borrowing capacity of each district is insufficient to cover building costs for the proposed new junior-senior joint high school.

It was pointed out by Alexander that the districts might create a local authority for securing additional funds or seek state aid. As a result, the representatives were instructed to discuss the matter with their individual boards after which the committee of the Joint School Board will meet to plan whatever action is decided upon.

A \$64 Question Do or Do You Not Want Farm Show?

Due to an insufficient quorum for the meeting of the Community Exhibit last Friday night, Dr. E. W. Garber, president, has called another meeting for Friday evening, August 18, at eight o'clock at the Fire House.

It is absolutely essential that all Directors and Chairmen and any one interested in the show, attend this meeting as arrangements will be made for the October show and this is the final meeting.

This is your show, if the people of the town and community do not wish to cooperate and have lost interest in this annual affair, which has grown bigger and bigger the past few years, the committee feels without the help needed, and the work falling on just a few interested persons, their work is to no avail.

So why not come out to Friday's meeting and assist the committee in this annual event.

MRS. NISSLEY ERB HOSTESS TO ERGATAN S. S. CLASS

Mrs. Nissley Erb entertained the Ergatan Sunday School Class on Tuesday, August 8th, assisted by Mrs. C. Robert Frey and Mrs. Harvey Hawthorne Jr.

Fire Company Is Investigating Error In Recent Fire Call

At the regular monthly meeting of Friendship Fire Company, here, on Thursday evening, there was a lengthy discussion on the subject that a local resident encountered difficulties last week while attempting to report a minor blaze on Church Street.

Confusion resulted, firemen were told at the meeting, when the call was alleged to have been relayed to Columbia and subsequently to Florin. The neighboring fireman responded, making the trip to Mount Joy with their apparatus.

Alarmed that a recurrence of the incident might result in unfarthered fire losses in the future, local firemen are investigating the cause of the alarm mixup. During the discussion firemen pointed out that local residents have been informed periodically regarding fire calls and that the telephone directory plainly lists the number 3-3431 for "fire calls only."

Other items of business included an announcement that the State Fire Police will meet here August 15. Three new members were enrolled during the session.

These young ladies were employed at Ladd Air Force Base at Fairbanks, in Seattle, Washington. From there they travelled to Los Angeles, California, where they spent ten days before enroute for the east via the Sunset Route arriving home July 23.

Their plans for the immediate future are somewhat indefinite and for the present they will remain at the home of their parents.

22 Men Took Draft Exams Last Thursday

Last Thursday, Lancaster County sent its first contingent of men for pre-induction physicals since the Korean outbreak. Twenty-two men, all from Draft Board 83, which comprises this end of the county, left to take their examinations.

Bruce Myers, twenty-one, of this boro, was designated leader for the group. That meant he carried the tickets and orders for the 22 men.

Myers, who was a member of the sophomore class at MSTC last year, said he gave up the idea of returning to college some time ago. "I planned to enlist but the draft just caught up with me before I could do it. Besides, I also was surprised that they called 21-year-olds up so quickly."

Other local men in the contingent were: Edwin M. Derr, twenty-four, Mount Joy RI; James S. Engle, Marietta RI, farmer; Lloyd Zink, twenty-four, Florin, construction worker; Howard C. Sipping, twenty-four, Bainbridge RI, farmer.

AN EDITORIAL

The editor is indeed gratified to learn that our Industrial Explosion in last week's issue by no means fell upon deaf ears. With the information we published, no one could have sanely and intelligently opposed it.

The Zoning and Planning Commission unanimously passed the proposition without a whimper.

Monday night Mount Joy Boro Council, to the man, also acted and supported the Commission.

Council has even "gone out of its way" and rightfully too, in speeding action on the request.

That is as it should be and there is every indication that our borough will soon add another industry.

Don't forget that a move in the right direction such as the above, concerns every individual in our boro. This will mean a weekly wage for many employees who will spend most of the money right here in town. It will mean additional tax money for our boro and our schools.

Indirectly it will, as do all our other industries, be a benefit to every business man and private individual in and surrounding our boro.

Please folks, don't let us stop here.
