PROTECT TRACTOR ENGINE
 Dust is one of the chief causes of tractor engine wear. Penn State extension agricultural engineers recommend washing the air filter every day and cleaning the breather pipe filter every day when working in dusty conditions.

The All-Important 10 Count

In the ring, a fighter isn't "out" until the count of 10. He also has a 10-second warning before each round begins.

In telephone service the ten count is also all-important for better telephone service. It works this way:

WHEN TELEPHONING, PLEASE GIVE THE PERSON YOU ARE CALLING AT LEAST TEN RINGS—THAT'S A MINUTE—TO ANSWER YOUR CALL BEFORE YOU HANG UP.

SUNDAY SCHOOL WORKERS QUARTERLY MEETING

The time is here again for another Sunday School Workers quarterly meeting. The time is Monday evening September 25th, beginning at 7:30 E.S.T. This meeting will be held in the United Brethren Church.

It is hoped that all Sunday Schools will take upon themselves the responsibility of seeing that there is a goodly representation at this meeting, or it will be worth the while for all who attend.

The speaker for this occasion is Robert Etter, and one thing is sure, he will have something of interest to every one. So, let us say again, Sunday school workers, superintendents, officers, teachers and assistant teachers, make it your business to attend this quarterly meeting.

Without your support, it fails, and the few minutes that you spend there will pay off in good dividends later. Plan now to come to this meeting, mark off the date and remember the time.
