EDITORIAL

If you really love and enjoy life, don't squander time for that's the stuff life is made of.

Jaywalkers should watch their step and remember that over 6,000 of them stepped to their death last year.

Please remember that many a car driver carved his own tombstone by chiseling in traffic.

Now that prices of many commodities have been frozen as of January, 1951; you can readily see just what has happened. The Department asked wholesalers to quote their prices as of Jan. 1 and in order to protect many of their patrons they upped the price a trifle.

Now, if the retailer marks his stock and sells accordingly, he will get 4 to 5 cents more than he is getting now. Does that make sense?

A SIGN OF THE TIMES

In Tibet an astronomical calendar marked 1950 the "Year of the Iron Tiger". In October Tibet suffered invasion by the Chinese Communists. Korea, French Indo-China, India with Nepal and Kashmir, Pakistan, Afghanistan, East Germany in Europe, the Saar region, in Africa in Eritrea, the iron tiger prowled. Military force, conflict, arms, bullet staves, depositing of Kings, new governments, plebiscites, boundary controversies, broken peace treaties, live up to the characterization pronounced by the Tibetans as indeed, the year of the iron tiger. And, 1951 finds the tiger still rampant, more aggressive, more violent, more blood-thirsty.

IN CHECKING BACK

The sting is taken from January mercury readings when we learn that in 1934 it hit 78 degrees below zero, in Alaska. Though cannibalism ended at Kambary in 1894, the Russians had their Bloody Sunday in 1905. This month marks the death of Maximilian in 1519, the birth of Thomas Paine in 1737, the conversion of Paul and the anniversary of the Louisiana Purchase in 1803. There is stubbornness, disruption, dislocation in this calendar month, but there is persistent courage, sweetness, renewal of faith and hope, in it, as well.

THE GREAT TEACHER

There are many who recall the cry, Business as usual, that was heard here in 1947 as war was waged. It was our first World War and we didn't know better. Experience taught us that life, at such a time, is no even current but a disturbed wave that pounds us. We learned we couldn't borrow for war and pay at leisure without producing inflation. We found that volunteer rationing, volunteer loans, volunteer soldiers, wouldn't work. Conscription was necessary, paying as much as half of war's cost as the cost arose, allocating supplies, fixing prices, rationing by law. This was our procedure during World War II, but still inflation came. We well know there is no such thing as business as usual for our living level isn't as usual since taxes aren't as usual. We know the preparing for war or of war itself requires reducing, saving, cutting. To rescue ourselves we must not ignore the truths taught through experience, else what is history for?

WE FAIL OUR FAITH

Christians in China are going through one of their darkest periods, with Catholic and Protestant missionaries without distinction, being singled out as cultural spies of imperialism, and there exists an intensified effort to remove any traces of the Church in China. The youth of China, taught by the Communist Youth Group, regard Christianity as weak and false.

BENJAMIN FRANKLIN

What is a typical American? Benjamin Franklin is named such, by many who have read of his works, consider his thoughts, deeds, personality, his impression on the country's history. Perhaps he was wiser greater, more understanding than a typical American, but it is a comforting thought that there are other Americans like him. His birthday was January 17. We paid respect at this time to a man who started with little, accomplished much, a self-made man of high accomplishments, originality, vast tact and deep humor. Self-educated, a scientist, inventor, printer, writer, statesman, he left his mark on this nation's history book. He was recognized for thrift, intelligence and uncanny understanding of human nature. His wisdom and his philosophy comes forth with these appropriate words in this day, on taxation:
When the government finds it necessary for the common benefit, advantage, and safety of the nation for the security of our liberties, religion, property, and everything that is dear to us, that certain sum shall be yearly raised by taxes, duties, etc. . . . and paid into the public treasury, thence to be dispensed by government for those purposes; ought not every honest man freely and willing to pay his just proportion of this necessary expense? Can he possibly preserve a right to that character, if, by any fraud, stratagem, or contrivance, he avoids that payment in whole or in part?
Was such a man a typical American?

Dental Campaign

(From page 1)
of a toothbrush-tooth powder package, for each child in the lower grades having clean teeth for 25 consecutive days. Teachers are reporting a marked increase in the number of children coming to school with clean teeth.
To encourage going to the dentist for examination and correction of decayed teeth, pins donated by Dr. W. L. Shoop, D.D.S. and his staff, are being awarded to those children who have had all the necessary dental work finished. To date, 93 children have received pins and many more have appointments with their friends, the dentist.
On Tuesday, February 6, 1951, the Dental Association of Lancaster County is providing a speaker and movies for two assembly programs to be held in the High School Auditorium. At 1:40 a program will be given for grades 1-6 and at 2:40 a second program will be given for the High School. The Art Department is conducting a poster contest throughout the school and prizes will be awarded to three groups, elementary, Junior High, and Senior High. These prizes are made possible through the cooperation of the local Rotary Club, the Lions Club and the Schools, and will be awarded at the Assemblies on Feb. 6. The contest is being directed by Mrs. Beryl Hahn, Art Instructor of the Borough Schools. These posters will be displayed in the windows of local business places during Dental Health Week—February 5-9, 1951.
Much praise is due the parents who have cooperated with the school in having their children visit the dentist; and to the local dentists who have given so much of their time and effort to our children these past few weeks.

Decorative Note:

A subscriber suggests using your prettiest Christmas cards for framing. By using attractive mats, such as plaid or dotted paper or cloth, certain cards as Godey or Currier and Ives prints, make decorative group arrangements. You can arrange a set of cards, using one large mat and cutting openings for pictures, in a single, large picture frame. Choice cards may be glued to cover small lids on boxes to hold cigarettes, stamps, and so forth.

The Bulletin's Scrapbook!

Week's Best Recipe:
Apple Pandowdy: 7 c sliced tart apples, 3 c hot water, 3/4 c sugar, 1 t salt, 1 t nutmeg, 1/4 c molasses, 2 T butter or margarine, 1 1/2 c sifted flour, 3/4 t salt, 2 t double-acting baking powder, 1/4 c shortening, 3/4 c milk. Heat oven to 450 degrees (very hot). Parboil apples in the hot water in a covered saucepan for into 9x9x3 inch casserole. Pour sugar, salt, nutmeg and molasses over apples dot with butter. Prepare dough for drop biscuit with remaining ingredients drop in nine mounds over apples. Bake 25 to 30 minutes or until topping has browned and apples are tender. Serve apple-side up with lemon sauce. Yield: 9 servings. Note: If apples are not tart, add 1/2 t grated lemon rind and 1 T lemon juice.

Your Table Mats:

Many housewives prefer lunch-eon mats instead of table cloths, to save laundry work. These mats should be kept clean at all times. If they are cork, lacquered or plastic they should be wiped off with warm soapy water, rinsed and wiped dry, after each meal. The bamboo or woven reed mats can be scrubbed with a soapy brush, rinsed in clear water, wiped with a clean cloth. Cellulose and raffia mats can be quickly suds and rinsed, blotted in a towel, pulled into shape. Place mats of lace, linen, cotton, should be spotless for each meal.
