#### Adrenal Gland Plays Role When One Suffers Injuries

Another step forward in better un derstanding the important role played by the adrenal gland in helping the body recover from injuries has been achieved, a University of Mr. and Mrs. Morris Enterline Michigan doctor states.

Dr. Jerome W. Conn, an associate professor of internal medicine, reported to the American Association for the Advancement of Science on research he has been conducting at

His study has shown that the ad-Willis Enterline, sons John and Bob renal gland calls upon a substance Mrs. Kauffman and Mrs. Bridge, all in the blood known as cholesterol to help in producing the huge amounts of adrenal hormones needed in pro-longed periods of stress which the Mrs. Jno. Henry Hollinger, daugh-body undergoes at the time of an in-Cholesterol, produced largely by

adrenal gland could be reduced 70 Bob Lockey and son Billy of York. per cent within three hours by artificial stimulation which produced Miss Beulah Gibble of Lancaster conditions similar to those created spent the weekend with her mothwithin the body during periods of prolonged stress.

This artificial stimulation achieved through use of ACTH, the causes the adrenal gland to produce

portant implications for future study of several diseases, including those of the heart, liver and kidney as well as hardening of the arteries, according to Dr. Conn. These diseases are all associated with an unusual production or use of choles-

#### Wool Scarce: Give Blankets Extra Care for Longer Life

Treat your wool blankets with the gentle care that precious possesthe U. S. department of agriculture have pointed out that U. S. produclowest on record.

Frequent airing of blankets in use not only is good sanitary prac-Week end visitors of Mr. and tice but helps them last longer and fort. When a blanket is thrown back loosely so fresh air reaches both sides, the wool has a change to get back its natural springiness which makes for warmth. But care should stain it. Loose bed springs, sharp metal corners or even roughened wood may also catch and tear blankets or other bedding.

For best service and comfort blankets should be large enough to come up well over shoulders and still tuck firmly in the bottom of the bed. Short blankets often wear out early because they take so much pulling and strain

A blanket stays clean longer if the bed is made so that the et 8 to 12 inches. If the sheet is too short, a strip of cloth, basted over the top or the full length of the

A pair of clean rubber boots is worth more than any medicine in protecting pigs from a fatal intestinal disease called transmissible gastroenteritis. Best means of controlling it is to move healthy pigs out, but they overlook the fact that their shoes can spread the infection. Attendants who have walked through infected hog quarters should put on a pair of clean boots before entering healthy quarters, the bulletin cautions. The disease, believed to be caused by a virus is marked by severe diarrhea. vomiting, and rapid loss of weight. Young pigs are hit hardest, with death loses sometimes running as high as 90 per cent.

Finishes Pre-Tested applied to the finishes used by manufacturers to enhance their products. Before being applied, they are subjected to many special tests based upon the kind of usage to which the article may be subjected. For example, in addition to tests for adhesion, and hardness, finishsuch as lemon juice, butter, lard and vinegar-as well as to various

Wooden, Aluminum, Ladders The rung of a wooden ladder will bend downwards about one-sixth of an inch for a 150-pound person stepping on its center. An aluminum ladder is constructed so that the deflection is much less. If it were built like the wooden ladder, the deflection of the aluminum rung would be about a ninth as much as for the wooden rung under similar conditions. This is because aluminum is nine times as rigid as

Everybody reads newspapers but NOT everybody reads circular advertising left on their door step.

#### THE LOW DOWN

### HICKORY GROVE

Old sayings and maxims, they intrigue me-they are meat in the literary cocoanut. The old ones "there is time for everything" and let "bygones be bygones," I hook them up with our modern trend of Govt. Based on these two texts I will proceed with my learned deductions and sermon.

Europe is in bad shape-most of Europe is Socialist from the R. R. depot to the phone booth to the power station to the hospital. The Govt. finger is in every pie - has been for years. It has been a good test for Socialism. Europe has gone backward-not forward. Our U. S. A. has been tinkering

with theory. Continuing same and such will lead us in time to take to the same uncomfortable and hard-type bed as is Europe's. So here is where a time for everything comes in. I propose it is time to write off our losses. Sell all the TVA's and projects of every type and color to the highest bidderwash our hands of Europe-type pituitary gland hormone which Govt.-stop further losses. Get out of Socialism before we are com-The effect of this prolonged stimu- pletely swamped. Let bygones be a dead horse. We have it in us to do these things. Taking the bull by the horns is our job-now-not manana or pretty soon. Amen. Yours with the low down, JIMMIE Quality Meats

#### FOX HUNT ON SUNDAY

The postponed public fox hunt sponsored by the Sportsmen's Association, will be held this Sunday afternoon at the Back Run and the Green Hills.

Guns must be registered at the fire house by 12:30 p. m. Hounds tion of wool this year is one of the will be furnshed by Mervin Shire. man of Elizabethtown R3.

#### DRIVING PRIVILEGES RESTORED

Twenty-six motorists had their driving privileges restored by the Watches-Clocks-Jewelry State Department last week. Among them was C. Robert Nissley, Florin. Twenty-five had their licenses suspended. Warren H. Greenawalt

MADE ILLEGAL TURN Robert E. Sentz, of town, was
