With Spring just around the corner, our thoughts turn to making repairs and doing little things around the property that will not only improve it but be a time saver. It would be greatly appreciated by your rural carrier, and at the same time increase your service, if you would give that mail box the once over. See that the post is in good shape and firmly in the ground, that the box is secure to the post, and most of all that the approach to the box is in good shape. This is a small item, but it will benefit you in many ways, and most of all will be appreciated by the carrier, who wants to give you the best possible service.

Another important item is to be sure and notify your carrier or call at the post office to have your address changed, if you are planning to move. If you are a new comer on the Mount Joy routes, be sure and call at the office, fill in the necessary slips and then you can be assured of receiving your mail.

In the future a drive is being planned to have complete addresses on all envelopes. If you mail an article, and the address is incomplete, it will be returned to you for a better address. Much mail is received with only the name of the addressee and the city.

On July 1, 1951, a new Money Order system will be instituted by the Department. This means that Postal notes and the present form of money orders will be discontinued. HERE ARE SOME DATES TO REMEMBER MARCH 31, 1951. POSTAL NOTES WILL BE DISCONTINUED. You will no longer be able to purchase any notes after that date. ON JUNE 30, 1951, the present form of money orders will be discontinued, and of course July 1, the new system will go into effect, which will be a card system.
