

Find Molds For Gel Cookery Dishes in Everyday Kitchen Articles

Successful gel-cookery doesn't call for an investment in elaborate molds. Appetizing dishes made with unflavored gelatin can be molded in containers found in most every kitchen. A coffee can is used to mold a main dish; mixed vegetables go back into their own can container to mold into cylindrical shape. Desserts are molded in an orange shell custard cup, or a fluted paper cup mold.

Basic Fruit Gelatin

1 envelope unflavored gelatin ¼ cup sugar
½ cup cold fruit juice ¼ teaspoon salt
¾ cups hot fruit juice

Soften gelatin in cold fruit juice. Add hot fruit juice, sugar and salt; stir until dissolved. Pour into large or individual molds and chill until firm. YIELD: 4 servings.

For Tomato Aspic: Omit sugar, increase salt to ¼ teaspoon; add ½ tomato onion juice or other seasonings, if desired.

Molded Sea Food: Make Tomato Aspic. When gelatin is slightly thickened fold in 1 cup cut shrimp, shredded crab meat or tuna.

Molded Vegetables: Make Tomato Aspic. When gelatin is slightly thickened fold in 1½ cups mixed cooked vegetables and ¼ cup diced celery or shredded cabbage.

The 4-H Clubs

(From page 1)

We help you learn by doing. A 4-H club-member carries a project of his own choosing and instruction and suggestions are given on the most practical and economical ways of production that has been developed by research at our Penna. State College. The goal of 4-H club work is to make a more efficient and profitable farmer for the future. It is sometimes mistakenly thought Agricultural Extension Service and the County Agents are for older folks only. This is not the case, the service is to help the coming crop of farmers as well as those who are on the farm now. Why not take advantage of this service, join a 4-H club.

Any boy or girl should be able to find a project of his liking from the variety of projects being offered to the 4-Hers in Lancaster Co. this year.

Following is a list of the projects for the coming year: Dairy, Milk Goats, Pig Feeding, Lamb Feeding, Sheep Breeding, Capons, Chick Rearing, Poultry Management, Home Gardens, Vegetable Crops, Corn, Tobacco, Honey Bees, Strawberries, Flowers.

For any additional information that you might like to have on the above subjects of 4-H Club work you should contact: Mr. John Herr, Mount Joy RI; Mr. John Roland, Mount Joy RI; Mr. Victor Longenecker, Elizabethtown R3; and Paul Hess, Elizabethtown R3.

There are more than 1,000 boys and girls in 4-H Club work in this county. Why don't you join a club this year and take part in the club activities?

Week's Best Recipe:

Ripe Olive Omelet: ½ c ripe olives, 2 T butter or margarine, 1½ thinly sliced celery, ½ c finely sliced onion, 5 eggs, separated ½ t salt, ¼ c milk, ½ t pepper. Cut the olives from pits in large pieces. Melt butter or margarine in 10-inch skillet with oven heat-resistant handle over a low heat. Add celery and onion and cook 10 min. stirring a few times. Add salt to egg whites, beat until stiff. Beat yolks well and mix in milk. Fold whites into yolks with olives, onions, celery and pepper. Turn into same skillet. Bake in moderate oven 20 to 25 minutes, until top springs back when lightly touched. Crease, fold and cut in wedges. Serve immediately. Serves four and cuts meat bill.

A Child's Garden

Most children love gardening but they need adult help and guidance and their interest won't lag if they are raising fast growing vegetables and flowers. A plot eight by ten ft. square, well drained, in a sunny location, would be fine for growing annuals that are fast growing as marigolds, zinnias, cosmos, nasturtiums and bachelor buttons and vegetables as such as beans, beets, carrots, leaf lettuce, radishes and parsley. Children get a thrill from watching the cycle of growing things, that they have cared for.

A Charming Summer

The look for spring and summer is toward the fragile, the delicate and very feminine self. Fashion design stresses the natural lines of the figure, makeup is stressing the pale look by using lighter powder and darker lipstick. Mascara, eye-shadow and eyebrow pencil enhance the "look" and the many ways of wearing the tiny veils on hats add to the charm of your eyes. Collars are lovely and large as well as cuffs, which can be made at home and added to a plain dress to give to a truly feminine allure.

Held Special Holy

(From page 1)

children of the Maytown Consolidated School began a project on pottery. Potter's clay already wedged and ready for use was brought into the classroom by their teacher, Miss Ruth N. Eby. Each of the thirty-six pupils was given some clay and instructed how to mold pottery, using only their hands to form and shape the coils of clay. After the pottery was drying for a few days, it was ready for bisque firing. This was done in an electric kiln at a temperature of more than 1800 degrees. When the fired pottery was cold each child gave his piece a coat of glaze, after which it was glaze fired at a temperature of 1600 degrees F. How delighted the children were when the pottery was cooled sufficiently for the kiln to be opened and they saw that pink-tinted glaze, which was put on their pottery, had really turned to ultra-marine blue and the gray had turned to reddish brown as they were told it will! The kiln was brought into the classroom by Mrs. Charles Cunningham, whose son, Robert, is a member of the third grade.

SONG WRITER IS GUEST ON "LET THE PEOPLE KNOW"

Lancaster, Pa.—Mrs. Harriet H. Hutchinscn, a local song writer, will participate as a guest of Col. Arthur J. Burks, on "Let The People Know" over Station WLAN, on Monday, March 26th at 8:45 p. m.

The composer will discuss some of the problems and experiences of song-writing. Dick and Ruth Neiman, local radio artists, will sing and play one of her new songs, "When Two Hearts Are One".

This song will have a special message for all those who are, or

may be separated from those who are near and dear to them, for the theme of the song is "there's no time nor space between two hearts".

"When Two Hearts Are One" was composed only recently, after Mrs. Hutchinson and her husband returned to Lancaster County from the Augusta, Ga. area, where they have spent the last three years.

It is felt that this song will hold a deep interest and liking for older and younger folks everywhere.

ARRESTED FOR SUPPORT

Walter Houseal, thirty-nine, of Maytown, was picked-up by city police Wednesday on a bench warrant charging non-support. He was released to Constable J. Edgar Hess who took him to the Lancaster Co. Prison.

MAN'S WALLET LOST, THEN FOUND; SOME MONEY GONE

A wallet reported lost by Lloyd H. Nissly, Mt. Joy RI contractor, was found Tuesday at the Court House with part of its contents missing.

Between \$17 and \$20 in cash was missing. Identification cards and a check-book belonging to Nissly were also found behind a radiator in the rest room. Two of the checks had been made out for \$250 each with Nissly's name forged to them, city police said.

263 CONVICTED IN 1950 AS RELIEF CHEISLERS

Last year 263 Pennsylvanians were convicted of fraudulently receiving public assistance. These people had received public assistance grants for which they were not eligible by concealing information, misrepresenting facts, or failing to report changes in their circumstances which would affect eligibility. The amount of assistance fraudulently received by these 263 cases totaled \$153,324, or an average of \$585 per case.

TOOK PRISONER TO PEN

On Tuesday Deputy Sheriff Elmer Zerphney took two prisoners from the Lancaster jail to the Eastern penitentiary. One was Harry B. Baughey, 57, of Neshville, former assessor and music teacher. He gets two to four years.

It costs the average American citizen \$186 every year to quench their thirst. That includes coffee, tea, milk, and soft drinks, beer and liquor.
