**CHEST X-RAY UNIT AT THE HIGH SCHOOL THURS. APR. 5**

On April 5, 1951, the portable chest x-ray unit sponsored by the Tuberculosis Society of Lancaster County, will be stationed at Mt. Joy High School from 9:00 a. m. to 11:30 a. m. and from 1:00 p. m. to 5:00 p. m. to x-ray

school children and residents of the vicinity.

We urge everyone to take advantage of this opportunity to have a chest x-ray. Chest conditions when found early, are curable.

It takes only a few minutes and it is time well spent.

**"Now, for many reasons, I wouldn't be without my Electric Dairy Water Heater"**

That's the experienced opinion of successful dairyman Charles Daubert, Jr. of Pine Grove, Schuylkill County. Originally Dairyman Daubert installed his electric dairy water heater for just one reason... to do away with those tiresome, time-wasting trips from kitchen to milkhouse with pail after pail of hot water. Today, Mr. Daubert says it saved him all the time and labor he had expected and "my electric dairy water heater is safer, cheaper to operate, cleaner and more convenient than my previous method!"

Many progressive Central Eastern Pennsylvania dairy farmers are learning the same lessons in electric water heating economy. With plenty of electrically heated water always on tap your milkhouse chores can be done more efficiently, more comfortably...and faster!

The electric dairy water heater is easy to install wherever electric service is available. See your local P.P. & L. Farm Representative or your local electrical farm appliance dealer today and get all the facts on how an electric dairy water heater can improve your dairy operation.
