ALWAYS BE CAREFUL DRIVING

The difference goes more than Skin-Deep

NOBODY wonders what you're driving when you roll by in this one.
In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.
You're the proud owner of a Buick—and the whole world knows it.
But you—at the wheel—enjoy a long list of differences that go far deeper than looks.
The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly

aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.
The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.
Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches

shorter than you'd think you need.
Capping it all, there's the silken versatility of Dynaflo Drive,* that takes all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.
No doubt about it, what you get in

a Buick is far more than just a new car—it's a whole new experience in getting pleasurably from here to there.
So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.
*Standard on ROADMASTER, optional at extra cost on other Buicks.
