

### Small House with Large Assets

Here's a classic example of the type of house most American families look for. It's Good Housekeeping magazine's "Small House of the Month" for February. Features include: 1,250 feet of floor area; full basement; 12 closets; and fireplace. The exterior is brick veneer, vertical siding, and wood shingles. Note the abundance of windows, twin wash-basins in bathroom, and the folding wall which converts the extra bedroom or study into a second living room.

### NEWTOWN

Rev. and Mrs. Oscar Brinser of Elizabethtown and Mr. and Mrs. Almos Ernst of Marietta were Sunday dinner guests of Rev. and Mrs. R. H. Arndt.

Mr. and Mrs. Isaiah Sumpman of Mount Joy, visited with Rev. and Mrs. R. H. Arndt, Monday evening.

Visitors during the past week of Mr. and Mrs. Daniel Goltmacher were, Mr. and Mrs. Paul Koser and family of Columbia, Mr. and Mrs. Harry Spancake of Lebanon, Mr. and Mrs. Jacob Earhart and son Ronald, Mr. and Mrs. Ralph Keith of Brunnerville, Mr. and Mrs. Lewis Farlow and family of Hopeand and relatives and friends of the community.

Bainbridge Rd. asked the court to discharge the long-standing rule because no heirs have appeared to claim the money.

**OVER 4 MILLION AUTOISTS USED TURNPIKE IN 1950**  
Nearly 4 1/2 million motorists used Pennsylvania's famed turnpike during 1950, paying a record \$3,022,388 in tolls.

The Pennsylvania Turnpike Commission reported a total of 4,448,538 fare-paying motorists traveled on the superhighway last year. The commission disclosed also that more than 5,000 motorists a day are using the new 100-mile Eastern Turnpike extension to Philadelphia.

**USE OF SHOTGUNS TO KILL CROWS SIGNED INTO LAW**  
Gov. John S. Fine signed into law Saturday a bill permitting, effective Sept. 1, the use of semi-automatic shotguns in shooting crows and similar predatory birds and animals.

Another bill newly enacted will permit veterans to receive a free renewal of their operator's licenses if they make application up to a year after they are honorably discharged.

John T. Scopes was arrested and convicted for teaching Evolution at Dayton, Ohio.

### What About Rabies?

**Q: What is rabies?**  
A: It is a fatal, virus-borne disease which can affect both animals and human beings.

**Q: How is it spread?**  
A: The virus of rabies is usually spread by the bite of an animal suffering from rabies. The saliva from a rabid animal contacting the eye or through scratches or cuts on the skin, can also spread it.

**Q: What animals get rabies?**  
A: It is most common in dogs. However, farm livestock, wolves, foxes, coyotes, cats, squirrels and stunks may develop rabies.

**Q: What does rabies look like?**  
A: Suspect rabies when dogs and livestock don't behave normally. Gentle animals may become pugnacious. Dogs may either have dumb rabies, which appears like a bone in the throat and a paralyzed lower jaw; or furious rabies where the animal wants to bite anything within reach.

**Q: Can the disease be prevented?**  
A: There is a very effective vaccine used by veterinarians to prevent the disease in dogs—also to protect valuable livestock in rabies areas.

**Q: What should one do if rabies is suspected?**  
A: Contact a veterinarian immediately. Confine any suspect dog or farm animal. If a person is bitten call a physician at once.

**Q: Can rabies be cured?**  
A: It is almost always fatal, but can generally be prevented by protective vaccination.

**Q: How should a dog or other rabid animal that is biting livestock be destroyed?**  
A: Kill it by shooting, but never through the head. This damages the brain for testing in the laboratory. If an animal can be confined until death this permits more accurate diagnostic laboratory results.

**NOTE—**Due to space limitations, general questions cannot be handled in this column.

### Norman E. Garber

(From page 1)  
servation farm plans, and for unusual ability to develop techniques for training Soil Conservation Service personnel, the citation says.

A son of the Rev. and Mrs. Simon Garber, Elizabethtown, Pa., he was born on a farm Oct. 25, 1886, graduated from Millersville State Normal School in 1911, taught rural school for a short period, then completed his B.S. degree in agriculture at the Pennsylvania State College in 1916.

He distinguished himself for scholarship and became editor of the Penn. State Farmer, monthly publication of the School of Agriculture. From 1917 to 1922 he was farm agent of Bucks county, Pa. Garber operated his own farm,

west of Florin, from 1923 to 1934, serving also as secretary-treasurer of the Lancaster County National Farm Loan Association.

In 1935 he joined the Soil Conservation service, which maintained an office in Lancaster. Since 1943 he has served as a zone conservationist operating from the SCS regional headquarters at Upper Darby, Pa.

### 78-YEAR-OLD DOWER RIGHT IS DISCHARGED

A 78-year-old dower right on a 56-acre Conoy Twp. farm has been discharged by Orphans' Court Judge John L. Bowman.

The original owner of the land, Abram Collins, provided in 1873 that \$1018 income from the land should go to Collins heirs.

The present owners of the land, Mr. and Mrs. Walter F. Hess, of

## Here's Where the Pounds Pay Off

**F**IRST thing that people notice when they take over a Buick is the sure-footed stance this fine automobile has on the road.

You head into a curve and hold firm and true. You travel a turnpike without sway or wander.

While your wheels may dance when you hit a stretch of washboard gravel—your car holds its level course.

A lot of things account for this beautifully poised performance, but it starts with stalwart structure and ample weight—plenty of pounds where pounds are needed.

Please don't get us wrong. This isn't

"deadweight." Though a Buick like the one pictured here tips the scales at more than two tons, it's as nimble as an antelope at play.

It has a generous hoodful of valve-in-head Fireball power—packing a powerful punch of velvet velocity.

It comes with the smooth magic of Dynaflo Drive\*—a lightness of steering that's gently responsive to a lady's hand—a front-end geometry that's pure genius—the finest brakes ever put on a Buick.

And every wheel rides on shock-eating coil springs that are carefree and trouble-free for the life of your car.

You'll also find—by a few moments of simple arithmetic—that the pounds in this bounteous beauty pay off in another way. On a cents-per-pound basis, it will cost less to buy than anything else near its weight and power and size.

Why not visit us real soon—like the first thing tomorrow—and let us show you why you and your budget will both be happy with this Buick?

Equipment, accessories, trim and models are subject to change without notice.

## "Smart Buys Buick"

No other car provides all this:

**DYNAFLOW DRIVE\***—saves strain on driver and car

**FIREBALL POWER**—high-compression, valve-in-head engine gets more good from every drop of fuel

**PUSH-BAR FOREFRONT**—combines smart style and unsurpassed protection

**WHITE-GLOW INSTRUMENTS**—provide greater clarity at night

**TORQUE-TUBE DRIVE**—steadies ride, improves driving control

**4-WHEEL COIL SPRINGING**—cushions ride, saves servicing costs

**DUAL VENTILATION**—outside air fed separately to right or left of front compartment

**SELF-ENERGIZING BRAKES**—hydraulic—multiply pedal-pressure five times at brake drum

**DREAMLINE STYLING**—tapered, car-length fenders, gleaming sweepspear on most models

**Plus:** Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Polished engine mounting, Body by Fisher

\*Standard on ROADMASTER, optional at extra cost on other Series.

**When better automobiles are built BUICK will build them**

**— WIN A PRIZE —**

In our window is an 8-day clock  
that will stop sometime  
during Mount Joy's Centennial

Valuable Prizes to the two persons who guess closest to  
the hour it stops.

CLOCK WILL BE WOUND MAY 23.
