WEST AFRICAN TO SPEAK IN FLORIN E. U. B. CHURCH

Sunday, May 27th, at ten-thirty a. m., Rev. and Mrs. J. K. Ferguson, of Sierra Leone, West Africa, will speak in the Glossbrenner Evangelical United Brethren Church, Florin, Pa. Rev. and Mrs. Ferguson are native workers in the missionary enterprise of the Evangelical United Brethren Church in Africa.
Mrs. Ferguson was among the graduates of the first class to be sent forth from the Harford School for girls in West Africa. Rev. Ferguson is a pastor in the West African Conference. He was singly honored by being selected to represent the West African Conference at the recent General Conference of the Evangelical United Brethren Church, held in Dayton, Ohio, November 1950.
Now after a few months of study and travel in this country, they are returning to their home in Africa. Another interesting feature in this occasion, is the fact that the late Dr. John Musselman — a pioneer missionary to Africa — was instrumental in developing these fine Christian people in the area of Christian leadership and the late Dr. John Musselman was a native of the Florin Church.
You are invited to share in this unusual privilege of seeing first hand the wonderful effects of missionary work.

Here's something Special in Spaciousness

A LOT of folks like the two-door idea, because they feel that tiny tots are safer in the back seat.
But that's no reason why back-seat headroom should be dimensioned for midgets only.
So Buick engineers have done something about it, in the Buick SPECIAL 2-door Sedan pictured here.
They've kept the compactness of overall length that's important in modern garages.
But they've arched that sturdy steel top to give you he-man headroom - headroom in back as well as headroom in front - that makes a six-footer feel at home.
And they've designed a trunk that has "room for tourists."
Don't ask us how they did it. Come see for yourself.
Slip into those spacious seats—and while you're there, find out why this compact honey is one of the hottest numbers we've seen in years.
Find out how that F-263 valve-in-head Fireball Engine pours out the power and stretches the miles per gallon.
Find out how Buick's exclusive combination of torque-tube drive and coil springs on all four wheels puts big-car steadiness and stability into this nimble performer.
Find out how Dynaflo Drive® takes the strain out of traffic driving—and brings you relaxed to the end of a long day's cross-country driving.
And above all find out how much comfort and luxury and convenience you get for the prices you see featured here. The sooner you see your Buick dealer—the better off you'll be.
