Weekly Letter By Penna. State Game Commission

Applications for antlerless deer licenses are now available at all hunting license issuing agents. Following is information of interest to those planning to hunt "hornless" deer in Pennsylvania this fall.

The new law provides that 60% of the antlerless deer licenses for a county be issued by that County Treasurer.

The remaining 40% of such licenses may be obtained from the Department of Revenue, Bureau of Miscellaneous Licenses, Harrisburg. Applications may be made to either place.

Antlerless deer licenses shall be issued only to residents and non-residents of the Commonwealth who have first secured a lawfully issued resident or nonresident hunting license for the current year. The antlerless deer licenses for a county are available to residents of any county. Under the law, a nonresident cannot secure an antlerless deer license prior to November 14, 1951, or after December 13, 1951.

Each application must be properly completed and mailed, or presented, with separate remittance of one dollar and ten cents (\$1.10). An incomplete application will be returned to the applicant and will not be considered until corrected and again received by the Department of Revenue or the County Treasurer.

A hunter does not have to apply to the County Treasurer or the Department of Revenue in person to obtain an antlerless deer license.

Licenses will be issued strictly in sequence in which completed applications with remittance attached, are received. If a county allotment is exhausted in either the County Treasurer's office and the Department of Revenue upon receipt of application, the fee and application will be returned.

A license is not transferable. It will be valid, and can be used to hunt antlerless deer only in the county designated thereon.

Members of groups desiring to hunt in the same county must file individual applications, and attach separate remittances.

Landowners, lessees, or other farm occupants, who are citizens of the United States residing upon and cultivating lands lying within areas declared open for the hunting of antlerless deer, may legally hunt for such deer on their own and adjoining lands without either a resident hunting license or an antlerless deer license. Written permission of the adjacent landowner is required by law. Hunting on adjoining open lands which are owned by either the Commonwealth or the Federal Government is not lawful without a hunting license and an antlerless deer license.

There will be no camp limit for deer during 1951. However, any person who, during the year 1951, killed a legal antlered deer may not lawfully stand on watch, kill or attempt to kill an antlerless deer during the two-day special season, December 14 and 15, even though he possesses an antlerless deer license.

The law makes no provision to refund fees for antlerless licenses issued, in cases where a person holding a "doe" license killed a legal antlered deer in either of the earlier seasons.

It is lawful for a person to hunt antlerless deer in more than one county if he has secured an antlerless deer license for each county in which he hunts, but he may kill only one deer during 1951.

Maps showing "deer territory" in the state are not available.

It is suggested that those who write for an antlerless deer license will expedite its receipt if they will include a self-addressed, stamped envelope with their application.

Pa. Week Suggestions

Pennsylvania Week this year is October 15 through 21, at which time the importance of the Commonwealth as the keystone in our country's arsenal of democracy will be the theme stressed.

Though wildlife hunting may not contribute directly to the defense effort, it does indirectly contribute a great deal toward it by providing release from the monotony of the every day occupation and relief from the pressure of wartime worries.

Fall days afield, over the wooded hills and the rich farm lands of the Quaker State, send Penn's sons and daughters back to their normal pursuits better able, in mind and body, to maintain the productive capacities of the Commonwealth, in its role as the nation's arsenal of defense.

Woodcock and Dove Seasons

Compare to the number of hunters who gun for wildlife commonly termed "small game" or "big game", the number of dove and woodcock hunters in Pennsylvania is not large. Nevertheless, a fair number of hunters view the woodcock season, particularly, as a welcome opportunity to fare forth with gun and dog as a sort of preamble to the "regular" small game season in November. The following reminders are for dove and woodcock hunters.

Hunting hours for doves which were set by the Federal Government, are: noon to sunset, October 8 thru 31, November 1 until the end of season, November 6, they are noon to 5 p. m., but not after sunset. The bag and possession limit is eight.

Hunting hours for woodcock, also set by the Federal Government, are: October 8 through 31, one-half hour before sunrise to sunset. No-

ember 1 only, 9 a.m. to 5 p.m. November 2 to the end of season, November 6th, 7 a.m. to 5 p.m., but not after sunset. The daily bag limit is 4 birds. After the first day, the possession limit is eight.

A federal migratory bird hunting stamp is not required of persons hunting woodcock and doves.

Quill Pig Tricky

In skinning two gray foxes trapped during August, I discovered that the lips and necks of these foxes containing numerous quills. If porcupine is included on the menu of the gray fox, I wonder if he is as smart as legend paints him?" This from David R. Titus, Warren Game Protector.

Ships weigh less when traveling east than when traveling west. Red cedar wood is used most commonly in making lead pencils.

HAPPENINGS — of — LONG AGO

20 Years Ago

The brick bungalow of Adda Wolgemuth, on N. Barbara street was withdrawn at public sale.

Eshleman Bros. are giving a foot ball free with every boys suit purchased during October.

Remember these prices? Just to mention a few advertised by Bennett's Meat Market: Steak, 25c;

Pork Chops, 25c; Boiled Ham, 40c; Frankfurters, 23c; picnic Hams 14 1/2c.

Mr. and Mrs. Wm. Conrad entertained at a party in honor of Miss Laura Kolp.

The opening of the new H. S. Newcomer & Sons Hardware Store was held October 3rd.

Several apple trees in this vicinity are blossoming for the second time this year.

Mr. and Mrs. John Easton moved into their newly built brick bungalow in Florin.

An 8,000 beer plant was seized at Middletown.

Sunday passenger train service was discontinued on the Reading Railroad.

Owing to the great demand for

tickets for Cpl. Eagen, the play will be held for the third night.

A wood shed on the Mrs. Tillie Hinkle property on West Donegal street was destroyed by fire.

The Junior Mission Sewing Circle met at the home of Mrs. Myra Herr.

Secretary of Highways, Samuel H. Lewis removed 36,907 signs from roads in his drive thruout the State.

Mr. John Brubaker, Florin, has a hens egg measuring six inches in circumference and 9 inches in diameter.

Mr. Maurice Frysinger has accepted a position at Booths store.

A large wild cat put in its appearance at the Masonic Homes at Elizabethtown.

Treasure Dept. at Washington, D.

C. authorized the change of name of the First National Bank here, to First National Bank & Trust Co.

The largest shoot of the year was held at Daddy's Playground with \$2,500 in cash prizes and trophies.

Generals Lee and Grant fought on the same side in the Mexican war.

A Statement of Public Interest by the Lancaster County Society for Crippled Children and Adults, Inc. Concerning Service to Polio Victims

As a result of decisions made by the Lancaster County Chapter of the National Foundation for Infantile Paralysis, the Lancaster County Society for Crippled Children and Adults has been compelled to redefine its relationship to polio cases.

The Lancaster Infantile Paralysis has assumed full responsibility for financial assistance to those, and only those, who are indigent patients in the acute stage of polio. It leaves to the Lancaster County Society for Crippled Children the follow-up care of these and all other patients who have passed the acute stage of the disease.

The Infantile Paralysis chapter allows for one exception to this rule. If any funds from the March of Dimes drives are available after other commitments have been met, indigent polio patients who receive the Crippled Children's Society's follow-up treatments, or who need braces may apply to the Infantile Paralysis Chapter for help, and have their cases investigated on an individual case basis, with a view to possible aid. But this is considered by the Infantile Paralysis Chapter for the present at least, as a remote possibility.

Therefore, the Lancaster County Society for Crippled Children and Adults defines its relationship henceforth to Infantile Paralysis patients as follows: it will undertake THE FOLLOW-UP CARE OF ALL CASES OF POLIO PATIENTS referred to it AFTER release from the hospital. These cases it will handle in the same way it handles all other cases referred to it, and it will not expect further help directly from the Lancaster County Chapter of the National Foundation for Infantile Paralysis.

The Lancaster County Society for Crippled Children wishes to make it clear to the public that it does not question

the use of funds by the Infantile Paralysis Chapter. Likewise, there is no questioning the need for immediate and skillful care for the polio victim in the acute stages of this dread disease.

However, THE REHABILITATION OF THE POLIO VICTIM MUST BEGIN THE MOMENT THE ACUTE STAGE PASSES. We know that with many polio victims, the damage done can be remedied through the skillful use of follow-up treatments, braces and physical therapy.

Under the direction of qualified physicians, THE CRIPPLED CHILDREN'S SOCIETY PERFORMS THIS MOST IMPORTANT SERVICE FOR LANCASTER COUNTY RESIDENTS. Highly trained, professional therapists on the staff are engaged in the work of rehabilitation for the polio victim.

The Lancaster County Society for Crippled Children and Adults is convinced of the necessity of continuing this vitally important humanitarian service for the people of Lancaster County. It has therefore, requested of the Community Chest THAT AN ADDITIONAL ALLOCATION OF \$10,000 be GRANTED so that it can continue to serve the polio victims in its special field, and for increased costs of other services.

The Budget Committee of the Community Chest, and the Board of Directors of the Chest, have approved the Crippled Children's Society's request for these additional funds, and this additional sum is included in the United Red Feather Campaign goal.

The Lancaster County Society for Crippled Children and Adults sincerely hopes that the citizens of our County will generously support its program of service, along with the 17 Other Red Feather Agencies, when making their contribution through the Community Chest this year.
