(From Page 1)
The government would be paid back out of total building funds raised by a newly-formed Authority. If the project falls through, then the government would stand the loss of \$45,000.

Officials plan tentatively to have architect's plans completed by January 1. The future of the project will depend, among other things, upon the availability of the building materials.
The new school would accommodate 400 students from E. Donegal Township, 325 from Mount Joy, and

Display of Oil Paintings

BY LINEAUS W. LONGENECKER

The Mt. Joy Community Exhibit will again include a display of oil paintings by Linn Longenecker of Birchland Ave., Mt. Joy.

This feature will be located in the office of the West Garage where the Farm Show Exhibits are being displayed this year.

The oil painting exhibit will include local farm scenes painted during the past year, as well as some local points of interest.

The above is a photo of a recent painting made of the former Grand View School Building located north of town which just one year ago was completely destroyed by fire. This building, which had been a landmark in the memories of many local residents, was a replacement of the original brick building which

was partially destroyed by fire in 1887. Since that year (1887) there have been 33 different teachers, many who are well known in our community, and who are listed as follows: Harry N. Nissy, the late Isaac N. Hershey, the late Anna Brandt Walters, the late Nehemiah Gantz, Mame Kuhns, the late David Hernley, the late David Singer, the late Rev. John B. Brubaker, Myra E. Hess, Dora (Kraybill) Wittle, Arthur Thome, Ethel (Smith) Good and Ruth Heisey.

This painting was made largely from the memory of the artist who attended school there in his early years.

Linn will be on hand on Thursday evening, all day Friday, and on Saturday afternoon and evening.

How to Keep Your Telephone From Being "BUSY" ... Doing Nothing

Always replace your receiver carefully. If your receiver is not replaced properly your telephone is just as "busy" as if you were actually using it. This is equally true on a party line and private line. Calls can't come in to you—and, if you're on a party line, your neighbors can neither make nor receive calls.

So please try to hang up carefully, and see that your telephone receiver is always properly replaced. It means better service if you do. . . .

WAKE UP!
TO SOMETHING NEW IN FUEL OIL

Wake up to new, Anti-Rust Sinclair Fuel Oil—the oil that contains the amazing Sinclair rust inhibitor, RD-119, developed by Sinclair Research.

RD-119 assures you a purer, cleaner fuel oil than ever because it stops rust in the pipe lines, tank cars and trucks which carry the oil from the refinery to your home. In your burner, RD-119 protects against rust and corrosion that clog strainers and burner nozzle—protects against the excessive wear on burner parts caused by abrasive rust particles.

Yet new, Anti-Rust Sinclair Fuel Oil costs no more than ordinary fuel oil. Phone us today.
