

News Concerning Our Men-Women In The Service

Hi Fellows:
Gee, is it ever cold today! Did you hear about our snow last week and? There is still plenty of it here.
Cpl. William Baltzer sent the Committee a beautiful Christmas card from Paris, France.
Just got Cpl. Everett L. Williams' address. He's in England with the Air Force.

Dec. 12, '51, Ft. Hood, Texas
Dear Friends:
I want to thank you very much for my Christmas present. I just couldn't figure out at first where it came from till I read that little card. It sure makes a fellow feel good to know that the people back home still think of them while they are in the service and I wanted to write sooner. The Infantry has all of us fellows on the run. We live out in the field half of the time and don't get much time off to write. Tonight I just took time off to thank all of you for what you fine people have done for us boys in the service.

All I do in the Infantry is train all day long and some times we're at it at night, running and attacking hills. But that's what we do in the Infantry at all times which some day, before long, will come in handy. The way the other fellows talk in their letters about the Navy and how nice it is, I sure wish the Infantry had it that nice.
I want to thank you all again for my Christmas gift and the Bulletin. God bless you all. Yours,
PFC. JOHN A. GRUBB

Battery 'C', 647th Airborne Field Artillery Battalion APO 51, 6 Dec. The Remembrance Committee Dear Committee Members:
I received your most thoughtful gift of a box of Bachman's Chocolates last week and certainly do appreciate not only the gift but the thought behind it. Even tho I have been away from Mount Joy, except for occasional visits, for almost eleven years now, I still call it home and cherish the many memories I have of it.

As many of you know and I'm sure this was a big factor in starting your committee—a serviceman takes a certain pride in knowing that the folks at home do not forget him and realize just what he is doing. Your thoughtfulness builds up this morale immeasurably and morale is a particularly big item when he is far from home and away from his loved ones.

I also appreciate the subscription to The Bulletin. I have been a constant subscriber to that paper since I left home and it keeps me in touch with the old home town. Thanks a million. Sincerely,
JAMES R. ZELLER,
Captain Arty. Commanding

GIRL HURT IN A TWO-CAR COLLISION AT LANDISVILLE
Jean Miller, 17, of East Petersburg, a student at Landisville High School, suffered abrasions of both knees in a two-car crash at the new Harrisburg Pike and the East Petersburg Road on Monday.

She was treated by Dr. Joe C. Gilbert, Landisville, who advised an X-ray examination.
The girl was a passenger in a car owned by Walter N. Zuch, East Petersburg, and driven by Malcolm Hughes Stehman, 17, Lancaster R1 also a student at Landisville High School. State Policeman Clement Wozniwick said Stehman was driving east on Route 230 and made a left turn in front of a car operated by James T. Scally, 55, of 212 Pearl street, Lancaster.

Some business men spend half of their time trying to scheme to get somebody else's money and the other half trying to keep somebody else from getting their's.

Let's hope that the spirit of Christmas lights the world into tranquility
