### NEW HOLLAND BOROUGH MAY TRY NEW STUNT

In order to raise additional revenue New Holland Borough is considering an entirely new wrinkle—the use of parking meter stands for advertising signs.

The borough has 150 parking meters and, under the proposed plan, the signs would be affixed by an out-of-town company and changed each month. The firm would pay a rental of \$1 a month for each meter; this revenue would be about \$150 a month or \$1,800 a year.

According to the Reading Fire Equipment Company, which would rent the use of the standards, the advertising will be of national nature. If the plan is approved, the borough will be the first in the county with advertising signs on parking meters.
