When An Emergency Strikes—

Sudden illness is no respecter of persons.

Often without warning and at the most inconvenient hour, unexpected serious illness or accident strikes suddenly.

Who knows when or where such an emergency may strike?

When such an emergency strikes we call for the best in hospital care - the ambulance - an available bed - nursing care - every modern medical and surgical faculty that science offers.

Then the best is none too good. Money is no object for - a life may hang in the balance.

This Is Why Lancaster General Hospital Is Expanding For You

A campaign for funds to complete the expansion program at General Hospital and for its 1952 Charity and Replacement Fund is now in progress.

\$562,531.00 is needed.

Everyone is asked to contribute to this fund. To have a hospital bed ready in case of need is an obligation you owe to yourself, your family and your Community.
