New Cyclamatic Frigidaire food freezer and refrigerator combination, just introduced, features shelves that glide out on nylon rollers for easy access, handy storage space on door, and a new kind of safe, constant cold called Levelcold. Upper compartment is zero-zone food freezer, completely insulated and sealed from rest of cabinet. Cyclamatic defrosting in refrigerator section automatically controls humidity and banishes frost before it collects.

AN AUTOMATIC ELECTRIC WATER SYSTEM WILL:

REDUCE CHORE-TIME Have water "delivered" by your automatic electric water system and save hours of bucket-carrying hand labor every day.

INCREASE PRODUCTION Milk, egg and meat production increase on farms where plenty of water is provided 24 hours a day!

IMPROVE SANITATION Public Health records show that running water in the home improves health conditions as much as 50%. And running hot water in the milk house and for other cleaning jobs, promotes sanitation and profits.

ADD CONVENIENCE Water under pressure makes possible all the conveniences of "city water"... automatic electric dishwashers, clothes washers, water heater and other time-and labor-saving appliances.

AFFORD FIRE PROTECTION Water under pressure with an ever-ready hose and outlet provides you with your own "home fire department"! Remember, the first 3 minutes are all-important in fighting fire... and water under pressure gives you a fighting chance.

PAY BIG DIVIDENDS Hours saved for other farm and home duties saves money... higher production means better income... well-watered stock mature faster... these factors plus safety, convenience, sanitation, health and protection add up to just one thing... you can't afford to be without an automatic water system. See your PP&L Farm Representative or your local dealer today about the water system you need!
