FIRST SALE OF BUDDY POPPIES 30 YEARS AGO

The 1952 annual sale of Buddy Poppies will be held in Mount Joy on May 22, 23, and 24. Commander Martin Brown, Post 5752, announced today.

The idea of selling poppies to the American public is to support a national welfare program originated in 1922 with the Veterans of Foreign Wars. It was the first veteran organization to promote a nationwide poppy selling campaign.

"The idea took root," Commander Brown states, "when Madam Guerin of France, inspired by the symbolic beauty of the poppies of Flanders, sought the cooperation of the V. F. W. in selling poppies, made in France, to aid disabled and needy

war veterans. The symbolism of the Buddy Poppy as sponsored by the V. F. W. was promptly accepted by the American people."

Since 1924, the name "Buddy" Poppy has been registered with the United States Patent Office as the trademark guaranteeing that genuine "Buddy" Poppies are assembled by disabled and needy veterans. This trademark, moreover, grants exclusive use of the name "Buddy" Poppy to the Veterans of Foreign Wars. No other organizations, firm

or individual may use the words, "Buddy" Poppy, legally.

FIRE HALL REDEDICATED
 The enlarged East Petersburg Fire Hall was rededicated and a

Wyoming granted women suffrage in 1869.

No one dared to meet our challenge!

On October 1st we ran an advertisement in this paper offering to match our new and far more powerful Ferguson "30" against any other tractor in this area. We stated that the Ferguson "30", with Ferguson System Implements meets more of the needs of more farmers . . . more of the time . . . than any other equipment. We challenged other dealers to match Ferguson performance on a group of basic farm jobs.

Is no one going to accept our challenge?

We don't like to accept victory by default. But, unless one of our competitors sees fit to accept our challenge, we're forced to believe that they agree with us . . . that they admit the Ferguson "30" is a better tractor . . . that Ferguson System Implements are better implements!

The whole purpose of this challenge was to give farmers in this community a

chance to make a real comparison of the many tractors and implements sold locally. We felt that farmers had a right to expect dealers to prove claims made for their equipment.

Remember, we welcome the competition of any other make or model tractor you may be considering that meets your farming requirements and that fits your budget.

Ask the dealers of these tractors if they are willing to match their equipment against a Ferguson "30" with Ferguson System Implements. If they are, let us know. If not, you can be surer than ever, that the new and far more powerful Ferguson "30" . . . and Ferguson System Implements . . . are "right" for you!

Regardless of what happens, we're ready to put on a special "Showdown" Demonstration for you—right on your own farm.
