Reunion In Berlin Film To Be Shown At Trinity Church

"Reunion in Berlin" was filmed in July, 1951, when 300,000 Christians, many of them under risk of being persecuted by the Communist rulers of their home areas, rallied to worship Christ. They assembled amidst the ruins in Germany's capital, left there by the smoldering flames of human hatred.

These 300,000 gathered in spite of great danger for many of them, to testify to the Christian vocation in all walks of life, to study the Bible, and to make heard in a political split (Turn to Page 4)

Terry!

There has been no change for the better, or worse, in Terry Young's condition report this week. The little boy, with Bright's disease, is much happier being home with his family, and is not refusing his "diet of rice" given to him by his mother, Mrs. Elwood Young.

The American Legion Aux. is holding a card party Monday night for Terry's benefit. Attend and help support their cause. Silver is still dropping in the coin boxes—keep the good work up, so this child can have all the attention he needs.

Local Air Raid Alert Declared Very Successful

Borough Main Street Deserted Few Seconds After Alert Sounded

The air raid alert held Wednesday was declared by local Civil Defense officials to have been highly successful. Less than 50 seconds after the Gerberich-Payne Shoe Co. and the Grey Iron Co. sounded the alert by a long blast of whistles, the borough's main street was deserted. All cars that were moving at the time came to a stop. Pedestrians who were on the street took shelter in doorways or store lobbies. Civil Defense wardens patrolled the east and west entrances to the borough stopping all traffic at these points.

Because of a shortage of Civil Defense volunteers, it was impossible to patrol all arteries entering the borough but many motorists co-operated of their own volition by coming to a stop at the sound of the alarm. A tour of the side streets showed many motorists sitting out (Turn to page 3)

Don't Become Alarmed If Water Becomes Discolored, Miller Warns

If some time in the very near future the water flowing from your spigots becomes cloudy, do not become alarmed.

This was the advice handed out this week by Sam Miller, head of the borough authority, who disclosed that when present work on laying new mains is completed, borough water will reverse itself in the mains after having flowed in one direction for the past eight years.

Flowing in one direction for many years has caused a settlement of sediment in one certain pattern, Mr. Miller explained. When this is reversed, this deposit of years will be disturbed and will probably cause a discoloration of the water, he said.

However, the situation quickly will adjust itself and the water within a few days will clear up completely.

Work of laying the new eight inch water main along Barbara Street was a slow and tedious project this week as contractors continued to work in heavy rock deposits. They warned on-lookers that when they blow whistles, this is a warning they are going to blast. Some persons have been disregarding the warning, they stated.

Progress of laying a main westward along Apple Tree Alley was progressing comparatively fast and already has passed a point at the rear of the Acme Markets. Work was expected to reach the end of the block by next week.

It's Anybody's Race For First Prize First Period Ends This Saturday At 5 P. M.

Swinging into line, all a-tingle with high hopes and ambition, to win one of the magnificent prizes to be awarded by this newspaper on November 16—only 28 days from Saturday—contestants in the "everybody a winner" prize subscription contest have hit their stride and henceforth the vote totals will grow by leaps and bounds.

Dr. Schlosser Scores Unconcern Over Bloodmobile

The unconcern of the public for the fate of the boys in Korea was scored here this week by Dr. David Schlosser, who reported that the turnout of volunteers for last week's visit of the Red Cross Bloodmobile "was very disappointing."

A total of 62 volunteers showed up last Wednesday as compared with a total of 254 volunteers last January, Dr. Schlosser, who was in charge of the program, said. Of the group volunteering, three were rejected.

"We should put on a drive similar to the serenade the Jaycees staged some months ago to arouse interest in registering voters," Dr. Schlosser added. "The lack of interest on the part of the public seems general and as poor a response as it was, Mount Joy did a little better than some."

STANDINGS OF CONTESTANTS

"EVERY ONE A WINNER" SUBSCRIPTION CONTEST

According to the returns to date made by most contestants, we can say, in a way, there are no leaders. Many have managed to keep themselves right in the first section and that is the \$1000 prize. The records show that only one or two subscription votes separate one from another. This, of course, means that those at the top of the list today may not be at the top next week. It is anybody's race for first place. We expect the standings to change from time to time and it will be interesting to note just what those changes will be. Any contestants listed, can, with a little determination, jump right into first place and this can be done in a week of concentrated effort. The last can be first and the first last. Many a ball game has been won in the 9th inning and this contest is no different.

An example this week is Mrs. Paul Diffenderfer, Landisville, who in just one week jumped in the running for the \$1000 prize.

Mrs. Paul Stoner Burger, Mt. Joy	2,975,000
Lois Rutt, Mount Joy	2,965,000
Mrs. Edith Erb, Newtown	2,965,000

Verlene Harple, Manheim R2	2,940,650
Mrs. Paul Diffenderfer, Landisville	1,610,000
James Pennell, Mount Joy	1,600,000
Barry Stehman, Florin	1,580,000
Judy Miller, Florin	830,000
Ruth Oberholzer, Mount Joy	185,000
Mrs. James cShatz, Mount Joy R2	125,000
Sandra Mateer, Mount Joy	95,000
Mrs. Charles Shank, Rheems	80,000
Raymond Heisey, Mount Joy	10,000
